## A: Glossary and List of Abbreviations and Acronyms

**Table A-1: Glossary**

| Term                                  | Definition                                                                                                                                                                                                                                                                                                      |
|---------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Accepted Transaction                  | The successful application of a requested action that was processed by MARx.                                                                                                                                                                                                                                    |
| Account Number                        | A number obtained from the Resource Access Control Facility (RACF) or system administrator.                                                                                                                                                                                                                     |
| Application Date                      | The date that the beneficiary applies to enroll in a Plan. Enrollments submitted by CMS or its contractors, such as the Medicare Beneficiary Contact Center, do not need application dates.                                                                                                                     |
| Batch Transaction                     | An automated systems approach to processing in which data items to process must be grouped and processed in bulk.                                                                                                                                                                                               |
| Beneficiary Identification Code (BIC) | The portion of the Medicare health insurance claim number that identifies a specific beneficiary.                                                                                                                                                                                                               |
| Benefit Stabilization Fund (BSF)      | Established by CMS upon request of an HMO or CMP, when the HMO or CMP must provide its Medicare enrollees with additional benefits, to prevent excessive fluctuation in the provision of those benefits in subsequent contract periods.                                                                         |
| Button                                | A rectangular icon on a screen which, when clicked, engages an action. The button is labeled with word(s) that describe the action, such as Find or Update.                                                                                                                                                     |
| Cancellation Transaction              | A cancellation may result from an action by the beneficiary, CMS, or another Plan before the effective date of the election. A cancelled enrollment restores the beneficiary to his/her prior enrollment state.                                                                                                 |
| Checkbox                              | A field that is part of a group of options, for which the user may select any number of options. Each option is represented with a small box, where 'x' means "on" and an empty box means "off." When a checkbox is clicked, an 'x' appears in the box. When the checkbox is clicked again, the 'x' is removed. |
| Connect:Direct                        | The proprietary software that transfers files between systems.                                                                                                                                                                                                                                                  |
| Correction                            | A record submitted by a Plan or CMS office to correct or update existing Beneficiary data.                                                                                                                                                                                                                      |
| Cost Plan                             | A type of contract under which a Plan is reimbursed by CMS for its reasonable costs.                                                                                                                                                                                                                            |
| Current Calendar Month (CCM)          | Represents the calendar month and year at the time of transaction submission. For batch, the current month is derived from the batch file transmission date; for User Interface transactions, the current month is derived from the system data at the time of transaction submission.                          |
| Current Processing Month              | The calendar month in which processing occurs to generate payments. The Current Processing Month is distinguished from the CPM, the month in which Plans receive payment from CMS.                                                                                                                              |
| Current Payment Month (CPM)           | The month for which Plans receive payment from CMS, not the current calendar month.                                                                                                                                                                                                                             |
| Creditable Coverage                   | Prescription drug coverage, generally from an employer or union, that is equivalent to, or better than, Medicare standard prescription drug coverage.                                                                                                                                                           |
| Data entry field                      | A field that requires the user to enter information.                                                                                                                                                                                                                                                            |
| Deductible                            | The amount a Beneficiary must pay for medical services or prescription drugs before a Plan starts paying benefits.                                                                                                                                                                                              |
| Disenrollment                         | A record submitted by a Plan, Social Security Administration District Office (SSA DO), Medicare Customer Service Center (MCSC), or CMS when a beneficiary discontinues membership in the Plan.                                                                                                                  |
| Dropdown list                         | A field that contains a list of values from which the user chooses. Clicking on the down arrow on the right of the field enables the user to view the list of values, and then click on a value to select it.                                                                                                   |

| <b>Term</b>                     | <b>Definition</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
|---------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Dual Eligible                   | Individuals entitled to both Medicare and Medicaid benefits                                                                                                                                                                                                                                                                                                                                                                                                                                 |
| Election Period                 | Time periods during which a Beneficiary may elect to join, change, or leave Medicare Part C and/or Part D Plans. These periods are fully defined in CMS Enrollment and Disenrollment guidance for Part C and D Plans available on the Web at: <a href="http://www.cms.gov/home/medicare.asp">http://www.cms.gov/home/medicare.asp</a> under “Eligibility and Enrollment.”                                                                                                                   |
| Enrollment                      | A record submitted when a Beneficiary joins an MCO or a drug plan.                                                                                                                                                                                                                                                                                                                                                                                                                          |
| Enrollment Process              | A process in which a Plan submits a request to enroll in a Plan, change enrollment, or disenroll.                                                                                                                                                                                                                                                                                                                                                                                           |
| Exception                       | A transaction that is unprocessed due to errors or internal inconsistencies.                                                                                                                                                                                                                                                                                                                                                                                                                |
| Failed Payment Reply Codes      | Codes used for the Failed Payment Reply Report that identify incomplete payment calculations for a beneficiary.                                                                                                                                                                                                                                                                                                                                                                             |
| Failed Transaction              | A transaction that did not complete due to problems with the format of the transaction or internal system problems.                                                                                                                                                                                                                                                                                                                                                                         |
| Formulary                       | The medications covered by an MA organization or prescription drug plan.                                                                                                                                                                                                                                                                                                                                                                                                                    |
| Gentran                         | The Gentran servers provide Electronic Data Interchange (EDI) capabilities between CMS and CMS business partners. These servers provide MARx with transaction files from the Plans, and provide the Plans with MARx reports.                                                                                                                                                                                                                                                                |
| Hospice                         | A health facility for the terminally ill.                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
| Logoff                          | The method of exiting an online system.                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
| Logon                           | The method for gaining entry to an online system.                                                                                                                                                                                                                                                                                                                                                                                                                                           |
| Lookup field                    | A field that provides a list of possible values. When the user clicks on the “binocular” button next to the field, a window pops up with a list of values for that field. Clicking on one of those values closes the pop-up window and the field is filled with the value chosen.                                                                                                                                                                                                           |
| Medicaid                        | A jointly funded, Federal-State health insurance program for certain low-income and needy people. It covers approximately 36 million individuals including children, the aged, blind, and/or disabled, and people eligible to receive Federally assisted income maintenance payments.                                                                                                                                                                                                       |
| Managed Care Organization (MCO) | A type of contract under which CMS pays for each member, based on demographic characteristics and health status; also referred to as Risk. In a Risk contract, the MCO accepts the risk if the payment does not cover the cost of services, but keeps the difference if the payment is greater than the cost of services. Risk is managed through a membership where the high costs for very sick members are balanced by the lower cost for a larger number of relatively healthy members. |
| Menu                            | A horizontal list of items at the top of a screen. Clicking on a menu item displays a screen and may display a submenu of items corresponding to the selected menu item.                                                                                                                                                                                                                                                                                                                    |
| Network Data Mover (NDM)        | Software used for transmitting and receiving data; replaced by Connect:Direct.                                                                                                                                                                                                                                                                                                                                                                                                              |
| MicroStrategy                   | A tool used for generating and viewing standard and ad hoc reports.                                                                                                                                                                                                                                                                                                                                                                                                                         |
| Nursing Home Certifiable (NHC)  | A code that reflects the relative frailty of an individual. NHC Beneficiaries are those whose condition would ordinarily require nursing home care. The code is only acceptable for certain social health maintenance organization (SHMO)-type Plans.                                                                                                                                                                                                                                       |
| Off-cycle                       | A retroactive transaction awaiting CMS approval because its effective date is too old for automatic acceptance.                                                                                                                                                                                                                                                                                                                                                                             |

| <b>Term</b>                                                  | <b>Definition</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |
|--------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Online                                                       | An automated systems approach that processes data in an interactive manner, normally through computer input.                                                                                                                                                                                                                                                                                                                                                                                                                            |
| Premium                                                      | The monthly payment a Beneficiary makes to Medicare, an insurance company, or a healthcare Plan.                                                                                                                                                                                                                                                                                                                                                                                                                                        |
| Premium Payment Option (PPO)                                 | The method selected by the beneficiary to pay the premium owed to the Plan. PPO choices are: (1) withhold from SSA (S) or RRB (R) benefit check or (2) Direct self-pay (D) to the Plan.                                                                                                                                                                                                                                                                                                                                                 |
| Program for All Inclusive. Care for the Elderly (PACE) Plans | PACE is a unique capitated managed care benefit for the frail elderly provided by a not-for-profit or public entity that features a comprehensive medical and social service delivery system. It uses a multidisciplinary team approach in an adult day health center supplemented by in-home and referral service in accordance with participants' needs.                                                                                                                                                                              |
| Radio button                                                 | A field that is part of a group of options, of which the user may only select one option. A radio button is represented with a small circle; a filled circle indicates the button is selected, and an empty circle means it is not selected. Clicking a radio button selects that option and deselects the existing selection.                                                                                                                                                                                                          |
| Required field                                               | A field that the user must complete before a button is clicked to engage an action. If the button is clicked and the field is not filled in, an error message displays and the action does not occur.<br>There are two types of required fields: <ul style="list-style-type: none"> <li>• Always required, which are marked with an asterisk (*)</li> <li>• Conditionally required, where the user must fill in at least one or only one of the conditionally required fields. These are marked with a plus sign (+).</li> </ul>        |
| Risk                                                         | A contract under which Beneficiaries are “locked in” to network providers and a payment is received from CMS for each member, based on demographic characteristics and health status. In a Risk contract, the MCO accepts the risk if the payment does not cover the cost of services, but keeps the difference if the payment is greater than the cost of services. Risk is managed through a membership where the high costs for very sick members are balanced by the lower costs for a larger number of relatively healthy members. |
| Special Needs Plan (SNP)                                     | A certain type of MA Plan that serves a limited population of individuals in CMS special-needs categories, as defined in CMS Part C Enrollment and Eligibility Guidance. This Plan is fully defined on the Web at: <a href="http://www.cms.gov/home/medicare.asp">http://www.cms.gov/home/medicare.asp</a> under “Health Plans.”                                                                                                                                                                                                        |
| Submenu                                                      | A horizontal list of items below the screen’s menu. Clicking on a submenu item displays a screen.                                                                                                                                                                                                                                                                                                                                                                                                                                       |
| TIBCO MFT Internet Server                                    | The TIBCO MFT Internet Servers provide Electronic Data Interchange (EDI) capabilities between CMS and CMS business partners. These servers provide MARx and MBD with transaction files from the Plans, and provide the Plans with MARx and MBD reports.                                                                                                                                                                                                                                                                                 |
| Transaction Code (TC)                                        | Identifies batch transactions submitted by the Plans or CMS.                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
| Transaction Reply Code (TRC)                                 | The code that explains the action taken by the system in response to new information from CMS systems or in response to input from MCOs, CMS, or other users.                                                                                                                                                                                                                                                                                                                                                                           |
| User ID                                                      | Valid user identification code for accessing the CMS Data Center and the Medicare Data Communications Network.                                                                                                                                                                                                                                                                                                                                                                                                                          |
| User Interface                                               | The screens, forms, and menus that display to a user logged on to an automated system.                                                                                                                                                                                                                                                                                                                                                                                                                                                  |

## B: CMS Central Office Contact Information

This appendix contains consolidated contact information for Plans to reference when they need assistance with questions or issues on information contained in the Plan Communications User Guide (the Guide) or on other issues or topics as summarized in the tables below.

**Note:** For questions or issues on payment or premium information contained in this guide or on any of the topics listed below, Plans should contact their Center for Medicare and Medicaid Services (CMS) Central Office (CO) Health Insurance Specialist in the Division of Payment Operations (DPO) for their particular region. See DPO contact list by region on page B-2 below.

**Table B-1: DPO Central Office Contact Information**

## **B.2 Payment Information Form**

Government vendor organizations with Medicare contracts receive payment from the Department of Treasury through an Electronic Funds Transfer (EFT) program. On the expected payment date, government vendor receive payments as direct deposits into corporate accounts at financial institutions. Additionally, CMS must have the Employee Identification Number (EIN)/Tax Identification Number (TIN) and associated name as registered with the Internal Revenue Service (IRS).

**ORGANIZATION INFORMATION**

NAME OF ORGANIZATION: \_\_\_\_\_

DBA, if any: \_\_\_\_\_

ADDRESS: \_\_\_\_\_

CITY: \_\_\_\_\_ STATE: \_\_\_\_\_ ZIP CODE: \_\_\_\_\_

CONTACT PERSON NAME: \_\_\_\_\_

TELEPHONE NUMBER: \_\_\_\_\_

CONTRACT NO's.: H \_\_\_\_\_; H \_\_\_\_\_; H \_\_\_\_\_; H \_\_\_\_\_  
(If known)

EIN/TIN NAME of business for tax purposes (as registered with the IRS: a W-9 may be required) \_\_\_\_\_

EMPLOYER/TAX IDENTIFICATION NUMBER (EIN or TIN): \_\_\_\_\_

Mailing address for 1099 tax form:

STR1: \_\_\_\_\_

NINE DIGIT ROUTING TRANSIT (ABA) NUMBER: \_\_\_\_\_

DEPOSITOR ACCOUNT TITLE: \_\_\_\_\_

DEPOSITOR ACCOUNT NUMBER: \_\_\_\_\_

CIRCLE ACCOUNT TYPE: CHECKING SAVINGS (Please attach a copy of a voided check)

**SIGNATURE & TITLE OF ORGANIZATION'S AUTHORIZED REPRESENTATIVE:**

\_\_\_\_\_  
Signature Title DATE: \_\_\_\_\_

\_\_\_\_\_  
Print Name

\_\_\_\_\_  
Phone Number

3/12/03

**Special Note:**

For assistance with Beneficiary-specific issues with enrollments, disenrollments, cancellations, and changes, Plans should contact their designated CMS regional caseworker.

Plans should e-mail their inquiry or research request for enrollment issues to the home Regional Office (RO) associated with their Beneficiary's address at [PartDComplaints\\_RO#@cms.hhs.gov](mailto:PartDComplaints_RO#@cms.hhs.gov)

Note: Replace the # sign in the above e-mail address with the specific RO number from the list above. For example: if the Beneficiary resides in Baltimore, send the inquiry to the Philadelphia RO using the following e-mail address:

**Example: PartDComplaints\_RO3@cms.hhs.gov**

Please Note: Plans should report premium or other Plan Payment issues directly to their DPO contact listed on Page B-2 and not to the ROs/caseworkers. Also, if MARx reflects that the Beneficiary is in SSA Deduct and the Plan is not getting paid, then the Plan should contact its DPO representative.

For non-payment-related software, database questions, errors or issues related to any of the topics listed below, Plans may contact the Medicare Advantage and Prescription Drug (MAPD) Help Desk at 1-800-927-8069 or via e-mail at [MAPDHelp@cms.hhs.gov](mailto:MAPDHelp@cms.hhs.gov).

## **C: Monthly Schedule**

---

The following pages contain the 2013 Plan Medicare Advantage and Prescription Drug System (MARx) Monthly Schedule, which provides dates for the following:

- Plan Data Due
- Down Days
- Availability of Monthly Reports
- Due Date for Certification of Enrollment, Payment, and Premium Reports
- Payments Due to Plans
- Holidays

Note: The Daily Transaction Reply Report (DTRR), is not indicated on this schedule because it is a daily report.

This calendar is also available as a single document in the Medicare Advantage and Prescription Drug (MAPD) Help Desk Web site downloads section: <http://www.cms.gov/mapdhelpdesk/>. Both color and text 508 compliant versions of this schedule are available at the above link.

### **C.1 MARx Plan Payment Processing Schedule Description - Calendar Year 2013**

It is vital that everyone involved in the Medicare enrollment and payment operations of the contract is aware of target dates schedule attached to this description. The schedule includes:

- (1) **PLAN DATA DUE** - This is the last day for Plans to transmit records to the CMS Data Center for processing in the month. Plans must complete the transmission by the close of business (8 p.m. ET) on the date noted.
- (2) **PAYMENT DUE PLANS** - This is the date that CMS deposits the CMS monthly payment to the Plans; all deposits are made to arrive on the first calendar day of the month unless the first day falls on a weekend or a Federal holiday. In this case, the deposit arrives on the last workday prior to the first of the month.  
**Note:** The January deposit is the first business day of the month.
- (3) **MONTHLY REPORTS AVAIL** - This is the date all the CMS monthly reports are available for downloading from the mailbox or received in the system.  
**Note:** These reports are not mailed; the Plan must download them to receive them!
- (3) **ANNUAL ELECTION PERIOD BEGINS AND ENDS** - The Annual Election Period (AEP) is October 15 through December 7 every year. Elections made during the AEP are effective January 1 of the following year.
- (4) **CERTIFICATION DUE** - This is the date by which Plans must certify the accuracy of the enrollment information of the MARx Report. Plans must send the Certification to the Retroactive Processing Contractor.
- (5) **APPROVED RETROS TO CMS** - Any records processed as batch retroactive files must arrive at CMS by noon on the date shown, along with the appropriate paperwork approved by CMS.

## ***D: Enrollment Data Transmission Schedule***

---

The following is a recommendation for the best time to transmit data:

- Monday through Friday - 24 hours.  
Data **IS** received for monthly processing.
- Saturday, Sunday, and system down days.  
Data **IS RECEIVED AND HELD** for monthly processing.  
Refer to the Plan Monthly Schedule. (Appendix C)
- Enrollment Data Cutoff Day - Data is due by 8 p.m. ET.

The Plan Monthly Schedule in Appendix C lists cutoff dates for each month.

**Note: Retros are due by noon two days prior to the Plan Data Due/Submission cutoff day.**

## F: Record Layouts

This appendix provides record layouts for data files exchanged with Plans. Field lengths, formats, and descriptions are included along with expected values where applicable. Table F-1 below lists the names of all the layouts and on which page of Appendix F to find them. Appendix K identifies the naming conventions of for all files exchanged between CMS and the Plans.

**Table F-1: Record Layouts Lookup Table**

| Section | Name                                                                               | Page                 |

### ***F.1 820 Format Payment Advice Data File***

The 820 Format Payment Advice data file is a Health Insurance Portability & Accountability Act (HIPAA)-compliant version of the Plan Payment Report, which is also known as the Automated Plan Payment System (APPS) Payment Letter. The data file itemizes the final monthly payment to the Plan. It is produced by APPS when final payments are calculated, and is available to Plans as part of the month-end processing. This file is not available through Medicare Advantage and Prescription Drug System (MARx).

The following records are included in this file:

- Header Record (numbers 1-6 below)
- Detail Record (numbers 7-10 below)
- Summary Record (number 11 below)

The segments are listed in a required order:

1. ST, 820 Header
2. BPR, Financial Information
3. TRN, Re-association Key
4. DTM, Coverage Period
5. N1, Premium Receiver's Name
6. N1, Premium Payer's Name
7. RMR, Organization Summary Remittance Detail
8. IT1, Summary Line Item
9. SLN, Member Count
10. ADX, Organization Summary Remittance Level Adjustment
11. SE, 820 Trailer

The physical layout of a segment is:

- Segment Identifier, an alphanumeric code, followed by
- Each selected field (data element) preceded by a data element separator ("\*")
- And terminated by a segment terminator ("~").

Fields are mostly variable in length and do not contain leading/trailing spaces. If fields are empty, they are skipped by inserting contiguous data element separators ("\*") unless they are at the end of the segment. Fields that are not selected are represented in the same way as fields that are selected, but as this particular iteration of the transaction set contain no data, they are skipped.

For example, in fictitious segment XXX, fields 2, 3, and 5 (the last field) are skipped:

**XXX\*field 1 content\*\*\*field 4 content~**

### **BALANCING REQUIREMENTS<sup>1</sup>**

---

<sup>1</sup> See pp.16 in National EDI Transaction Set Implementation Guide for 820, ASCX12N, 820 (004010X061), dated May 2000

Following are two balancing rules:

1. BPR02 = total of all RMR04
2. RMR04 = RMR05 + ADX01

To comply with balancing rules, BPR02 and RMR04 are set equal to Net Payment (paid amount), RMR05 is set equal to Gross/Calculated Payment (billed amount), and ADX01 is set equal to Adjustment amount.

On Cost/Health Care Prepayment Plan (HCPP) contracts, Plans should enter the actual dollars billed, rather than the “risk equivalent” dollar amounts, into RMR05.

### ***F.1.1 Header Record***

## ***F.2 Batch Completion Status Summary (BCSS) Data File***

As of the April 2011 release, the Batch Completion Status Summary (BCSS) file is a hybrid file that communicates the status of file transmissions, as well as reporting and reports on submitted transaction records that failed due to formatting issues. Previously, this file also returned the processing results of accepted and rejected transactions, but as of the April 2011 release, those are reported only on the Daily Transaction Reply Report (DTRR) Data file. Note: The Enrollment Transmission Message File (STATUS) discontinued as of the April 2011 Release. This data file is sent to the submitter after a batch of submitted transactions is processed. It provides a count of all transactions within the batch and details the number of rejected and accepted transactions. It also provides an image of each failed transaction.

### ***F.2.1 Failed Record***

Below, the example of a BCSS report displays the format of the file transmission status. Plans get a sense of how the file status incorporates the new Transaction Codes (TCs) 76 through 83 and that the counts for accepted, rejected and failed transactions are displayed.

#### *Beginning of Message Text*

```
H1 TRANSACTIONS RECEIVED ON 2012-03-27 AT 16.59.49
H2 TRANSACTIONS PROCESSED ON 2012-03-27 AT 17.03.50
H3 ENROLLMENT PROCESSING COMPLETED
H4 HEADER CODE= AAAAAAHEADER
H5 HEADER DATE= 032012

P2 TOTAL ACCEPTED TRANSACTIONS = 00000017
P3 TOTAL REJECTED TRANSACTIONS = 0000002
P4 TOTAL FAILED TRANSACTIONS  = 0000000
F.....failed transaction text image.....
```

#### *End of Message Text*

All BCSS records begin with a two-character record type identifier. The first character designates the type of data reported in that section.

*Please note that the first count on the C1 Tran CNTS1 record is the total number of transactions received in the file.*

## ***F.5 Coordination of Benefits (COB); Validated Other Health Insurance (OHI) Data File***

This file contains members' primary and secondary coverage, validated through COB processing. MARx forwards this report whenever a Plan's enrollees are affected, which may occur as often as daily. The enrollees included on the report are those newly enrolled who have known Other Health Insurance (OHI) and those Plan enrollees with changes to their OHI.

The following records are included in this file:

- Detail Record
- Primary Record
- Supplemental Record

### ***F.5.1 General Organization of Records***

|                                                                           |
|---------------------------------------------------------------------------|
| Detail Record (DTL) Record 1 (Beneficiary A)                              |
| Primary (PRM) records associated with 'DTL' Record 1 (Beneficiary A)      |
| Supplemental (SUP) records associated with 'DTL' Record 1 (Beneficiary A) |
| 'DTL' Record 2 (Beneficiary B)                                            |
| 'PRM' records associated with 'DTL' Record 2 (Beneficiary B)              |
| 'SUP' records associated with 'DTL' Record 2 (Beneficiary B)              |
| 'DTL' Record 3 (Beneficiary C)                                            |
| 'PRM' records associated with 'DTL' Record 3 (Beneficiary C)              |
| 'SUP' records associated with 'DTL' Record 3 (Beneficiary C)              |
| 'DTL' Record n                                                            |
| 'PRM' records associated with 'DTL' Record n                              |
| 'SUP' records associated with 'DTL' Record n                              |

### ***F.5.2 Detail Records: Indicates the Beginning of a Series of Beneficiary Subordinate Detail Records***

| Item | Field                | Size | Position | Format | Valid Values/Description        |
|------|----------------------|------|----------|--------|---------------------------------|
| 1    | Record Type          | 3    | 1-3      | CHAR   | "DTL"                           |
| 2    | HICN/RRB Number      | 12   | 4-15     | CHAR   | Spaces if unknown               |
| 3    | SSN                  | 9    | 16-24    | ZD     | 000000000 if unknown            |
| 4    | Date of Birth (DOB)  | 8    | 25-32    | CHAR   | YYYYMMDD                        |
| 5    | Gender Code          | 1    | 33       | CHAR   | 0=unknown, 1 = male, 2 = female |
| 6    | Contract Number      | 5    | 34-38    | CHAR   |                                 |
| 7    | Plan Benefit Package | 3    | 39-41    | CHAR   |                                 |
| 8    | Action Type          | 1    | 42       | CHAR   | 2 = Full replacement            |
| 9    | Filler               | 1058 | 43-1100  | CHAR   | Spaces                          |

## F.6 MARX Batch Input Transaction Data File

A transaction file is submitted to CMS by a Plan, and consists of a header record followed by individual transaction records. The transaction code (TC) identifies the type of transaction record. This section details the contents and format that each record type may include in the transaction file.

This file may include the following records:

- Header Record
- Disenrollment (51/54) Detail Record
- Enrollment (61) Detail Record
- Miscellaneous Change Detail Records:
  - Correction (01) Record
  - 4Rx Data Change (72)
  - Number of Uncovered Months (NUNCMO) Change (73)
  - Employer Group Health Plan (EGHP) Change (74)
  - Premium Payment Option (PPO) Change (75)
  - Residence Address Change (76)
  - Segment ID Change (77)
  - Part C Premium Change (78)
  - Part D Opt-Out (79)
  - MMP Opt-Out Update (TC83)
- Cancellation of Enrollment (80) and Cancellation of Disenrollment (81) Detail Records
  - MMP Enrollment Cancellation (TC82)

### F.6.1 Header Record

| Item | Field                        | Size | Position | Description                                                                                                                                                                           |
|------|------------------------------|------|----------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1    | Header Message               | 12   | 1-12     | "AAAAAAHEADER"                                                                                                                                                                        |
| 2    | Filler                       | 1    | 13       | Spaces                                                                                                                                                                                |
| 3    | Batch File Type              | 5    | 14-18    | "RETRO" = retroactive batch file submission;<br>"POVER" = Plan rollover batch file submission;<br>"SVIEW" = Special organization review batch file submission.                        |
| 4    | Filler                       | 1    | 19       | Spaces                                                                                                                                                                                |
| 5    | CMS Approval Request ID      | 10   | 20-29    | "Spaces" when "Batch File Type," field #3, contains spaces; otherwise, the right justified CMS pre-approval request ID from the special batch request utility.                        |
| 6    | Filler                       | 4    | 30-33    | Spaces                                                                                                                                                                                |
| 7    | Current Calendar Month (CCM) | 6    | 34-39    | Reference month for enrollment processing formatted MMYYYY. The CCM date determines whether to accept a file and evaluates the appropriate effective date for submitted transactions. |

\*The “51” transaction is Plan submitted. The “54” is submitted by 1-800-Medicare without a header record.

\*\*Plan Transaction Tracking ID field is not used by 1-800-Medicare.

**Note:** Election type rules do apply to HCPP, COST 1 without drug, COST 2 without drug, CCIP/FFS demos, MDHO demo, MSHO demo and PACE National enrollments in cases where such an enrollment would cause an automatic disenrollment from another plan requiring an election type. It is important that the election type for the Plan on the enrollment request is consistent with the election type required for automatic disenrollment.

**Note:** MA organizations and cost plans that auto/facilitate enroll LIS Beneficiaries on behalf of CMS should use the appropriate newly-designated enrollment source code when submitting auto-enrollments or facilitated enrollments: E = Plan-submitted auto-enrollment, F = Plan-submitted facilitated enrollment, G = Point-of-Sale (POS) submitted enrollment; for use by POS contractor only, H = CMS reassignment enrollment, I = Assigned to Plan-submitted enrollment with enrollment source other than any of the following: B, E, F, G, H and blank.

### ***F.7 Failed Transaction Data File - OBSOLETE***

**Effective with the April 2011 Software Release, CMS no longer generates the Failed Transaction Data File. Failed records reporting was incorporated into the BCSS Data file.**

The Failed Transaction data file details transactions that CMS cannot load into MARx for processing due to formatting errors with the file header, user authentication, transaction format or incorrect data types for transaction data elements. It is sent to the user who submitted the batch.

### ***F.8 Monthly Membership Detail Data File***

This is a data file version of the Monthly Membership Detail Report (MMDR). The report lists every Part C and Part D Medicare member of the contract and provides details about the payments and adjustments made for each. This file contains the data for both Part C and Part D members and is generated monthly.

### ***F.10 Monthly Premium Withholding Report (MPWR) Data File***

This is a monthly reconciliation file of premiums withheld from Social Security Administration (SSA) or Railroad Retirement Board (RRB) checks. It includes Part C and Part D premiums and any Part D Late Enrollment Penalties (LEPs). This file is produced by the Premium Withhold System (PWS), which makes this report available to Plans as part of the month-end processing.

The file includes the following records:

- Header Record
- Detail Record
- Trailer Record

#### ***F.10.1 Header Record***

### ***F.12 Part C Risk Adjustment Model Output Data File***

This is the data file version of the Part C Risk Adjustment Model Output Report, which shows the Hierarchical Condition Codes (HCCs) used by the RAS to calculate Part C risk adjustment factors for each Beneficiary. RAS produces the report, and MARx forwards it to Plans as part of the month-end processing.

The following records are included in this file:

- Header Record
- Detail Record
- Trailer Record

#### ***F.12.1 Header Record***

| Item | Field                  | Size | Position | Comment               | Description                                                                                                             |
|------|------------------------|------|----------|-----------------------|-------------------------------------------------------------------------------------------------------------------------|

| 2    | Health Insurance Claim Account Number | 12   | 2-13     | Also known as HICAN                     | This is the Health Insurance Claim Account Number (known as HICAN) identifying the primary Medicare Beneficiary under the SSA or RRB programs. The HICAN, consisting of Beneficiary Claim Number (BENE_CAN_NUM) along with the Beneficiary Identification Code (BIC_CD), uniquely identifies a Medicare Beneficiary. For the RRB program, the claim account number is a 12-byte account number. |

### ***F.13 Risk Adjustment System (RAS) Prescription Drug Hierarchical Condition Category (RxHCC) Model Output Data File - aka Part D RA Model Output Data File***

The following records are included in this file:

- Header Record
- Detail/Beneficiary Record Format
- Trailer Record

#### ***F.13.1 Header Record***

The Contract Header Record signals the beginning of the detail/Beneficiary records for a Medicare Advantage or stand-alone PDP contract.

| Item | Field                  | Size | Position | Comment                       | Description                                                                                                                 |
|------|------------------------|------|----------|-------------------------------|-----------------------------------------------------------------------------------------------------------------------------|
| 1    | Record Type Code       | 1    | 1        | Set to "1"                    | <ul style="list-style-type: none"> <li>• 1 = Header</li> <li>• 2 = Details</li> <li>• 3 = Trailer</li> </ul>                |
| 2    | Contract Number        | 5    | 2-6      | Also known as MCO plan number | Unique identification for a Managed Care Organization (MCO) enabling the MCO to provide coverage to eligible beneficiaries. |
| 3    | Run Date               | 8    | 7-14     | Format as yyymmdd             | The run date when this file was created.                                                                                    |
| 4    | Payment Year and Month | 6    | 15-20    | Format as yyymm               | This identifies the risk adjustment payment year and month for the model run.                                               |
| 5    | Filler                 | 148  | 21-168   | Spaces                        | Filler                                                                                                                      |

Total Length = 168

#### ***F.13.2 Detail/Beneficiary Record***

Each Detail/Beneficiary Record contains information for an HCC beneficiary in a Medicare Prescription Drug contract/plan, as of the last RAS model run for the current calendar/payment year.

| Item | Field                                 | Size | Position | Comment                                 | Description                                                                                                                                                                                                                                                                                                                                                                                     |
|------|---------------------------------------|------|----------|-----------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1    | Record Type Code                      | 1    | 1        | Set to "2"                              | 1 = Header, 2 = Details, 3 = Trailer                                                                                                                                                                                                                                                                                                                                                            |
| 2    | Health Insurance Claim Account Number | 12   | 2-13     | Also known as HICAN                     | This is the Health Insurance Claim Account Number (known as HICAN) identifying the primary Medicare Beneficiary under the SSA or RRB programs. The HICAN, consisting of Beneficiary Claim Number (BENE_CAN_NUM) along with the Beneficiary Identification Code (BIC_CD), uniquely identifies a Medicare Beneficiary. For the RRB program, the claim account number is a 12-byte account number. |
| 3    | Beneficiary Last Name                 | 12   | 14-25    | First 12 bytes of the Bene Last Name    | Beneficiary Last Name                                                                                                                                                                                                                                                                                                                                                                           |

## ***F.14 Daily Transaction Reply Report (DTRR) Data File***

The DTRR is created each evening, Monday through Saturday, and is available for Plans the following business day. All Plans receive a DTRR for all contracts whether the Plan has or has not submitted transactions for processing by MARx. The TRC of 000 indicates that there is no data within the DTRR for processing by the Plan. In turn, the Plan does not need to take any action and may discard this file.

The file also contains records that report the submitted transactions verbatim back to the Plans.

### ***F.15 Monthly Full Enrollment Data File***

This file includes all active Plan membership for the date that the file published. This file is considered a definitive statement of current Plan enrollment. CMS announces the availability of each month's file with the proper dataset name and file transfer date. To distinguish this file from other TRRs, the TRC on all records is 999.

## ***F.17 Loss of Subsidy Data File***

This is a file sent to notify Plans about Beneficiaries' loss of LIS deemed status for the following calendar year based on CMS' annual re-determination of deemed status or SSA's re-determination of LIS awards. The file is sent to Plans twice per year, once in September and once in December.

The September file is informational only and is used to assist Plans in reaching out to the affected population and encouraging them to file an application to qualify for the upcoming calendar year.

The December file is for transactions and is used by Plans to determine who has lost the LIS as of January 1<sup>st</sup> of the coming year. The TRC is 996, which indicates the loss of the LIS. This means the Beneficiary is not LIS eligible as of January 1<sup>st</sup> of the upcoming year.

### ***F.19 LIS History Data File (LISHIST)***

The Monthly LISHIST provides the most complete picture of LIS eligibility over a period not to exceed 36 months. This data file includes LIS activity for past, present, and future enrollees.

Please note the following limitations:

- The LIS History Data File displays those LIS contract history changes during active, contiguous enrollment over a period of time not to exceed 36 months.

**Note:** This file was updated to include a Data Activity Flag in field 16 (position 80) of the Detail Record.

#### ***F.19.1 Header Record***

## F.20 NoRx File

This file contains records identifying those enrollees with no current 4Rx information stored in CMS files. A Detail Record Type containing a value of “NRX” in positions 1 – 3 of the file layout indicates that this record requests the organization to send CMS 4Rx information for the Beneficiary.

The NoRx File is in the same format as the 4Rx Notification File and contains records identifying those enrollees who do not currently have 4Rx information stored in CMS. The only distinction between the two files is that the NoRx file detail record shows blanks, or no information, in fields such as REC TYPE, DATE OF BIRTH, RX BIN, etc.

The following records are included in this file:

- Header Record
- Detail Record
- Trailer Record

### F.20.1 Header Record

**Note:** A “Critical Field” must contain a value. A “Not Critical Field” may contain a value or all spaces.

| Field               | Size | Position | Format | Valid Values              | Description                                                                                                                                         |
|---------------------|------|----------|--------|---------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------|
| File ID Name        | 8    | 1-8      | X(8)   | “CMSNRX0H”                | Critical Field<br>This field is always set to the value "CMSNRX0H." This code allows recognition of the record as the Header Record of a NoRx File. |
| Sending Entity      | 8    | 9-16     | X(8)   | “MBD”<br>(MBD + 5 spaces) | Critical Field<br>This field is always set to the value “MBD”. The value specifically is “MBD” followed by five spaces.                             |
| File Creation Date  | 8    | 17-24    | X(8)   | YYYYMMDD                  | Critical Field<br>The date on which the NoRx file was created by CMS. This value is formulated as YYYYMMDD.                                         |
| File Control Number | 9    | 25-33    | X(9)   | Spaces                    | No meaningful values are supplied in this field. This field is set to SPACES and is not referenced for meaningful information.                      |
| Filler              | 717  | 34-750   | X(717) | Spaces                    | No meaningful values are supplied in this field. This field is set to SPACES and is not referenced for meaningful information.                      |

## ***F.21 Batch Eligibility Query (BEQ) Request File***

The BEQ Request File includes transactions submitted by Plans to request eligibility information for prospective Plan enrollees. The file is used to conduct initial eligibility checks against CMS MBD system to verify member is Part A / B eligible.

This file includes the following records:

- Header Record
- Detail Record
- Trailer Record

### ***F.21.1 Header Record***

| Field               | Size | Position | Format | Valid Values                                                                                                                   | Description                                                                                                                                                                                                                                                                                                                                                                         |
|---------------------|------|----------|--------|--------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| File ID Name        | 8    | 1- 8     | X(8)   | "MMABEQRH"                                                                                                                     | Critical Field: This field is always set to the value "MMABEQRH." This code identifies the file as a BEQ Request File and this record as the Header Record of the file.                                                                                                                                                                                                             |
| Sending Entity: CMS | 8    | 9-16     | X(8)   | Sending Organization (left justified space filled)<br>Acceptable Values:<br>5-position Contract. (3 Spaces are for Future use) | Critical Field: This field provides CMS with the identification of the entity that is sending the BEQ Request File. The value for this field is provided to CMS and used in connection with CMS electronic routing and mailbox functions. The value in this field should agree with the corresponding value in the Trailer Record.<br>The Sending Entity may participate in Part D. |
| File Creation Date  | 8    | 17-24    | X(8)   | CCYYMMDD                                                                                                                       | Critical Field: The date that the Sending Entity created the BEQ Request File. This value's format is YYYYMMDD. For example, January 3 2010 is the value 20100103. This value should agree with the corresponding value in the Trailer Record. CMS returns this information to the Sending Entity on all Transactions (Detail Records) of a BEQ Response File.                      |
| File Control Number | 9    | 25-33    | X(9)   | Assigned by Sending Entity                                                                                                     | Critical Field<br>The specific Control Number assigned by the Sending Entity to the BEQ Request File. CMS returns this information to the Sending Entity on all Transactions (Detail Records) of a BEQ Response File. This value should agree with the corresponding value in the Trailer Record.                                                                                   |
| Filler              | 717  | 34-750   | X(717) | Spaces                                                                                                                         | No meaningful values are supplied in this field. This field is set to SPACES and is not referenced for meaningful information.                                                                                                                                                                                                                                                      |

Total Length = 750

**F.21.2 Detail Record (Transaction)**

| Field                         | Size | Position | Format | Valid Values                                                        | Description                                                                                                                                                                                                                                                                                                                         |
|-------------------------------|------|----------|--------|---------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Record Type                   | 5    | 1-5      | X(5)   | “DTL01” = BEQ Transaction<br>Note: The value above is DTL-zero-one. | Critical Field<br>This field is set to the value "DTL01," which indicates that this detail record is a BEQ Transaction. This code identifies the record as a detail record for processing specifically for BEQ Service.                                                                                                             |
| HICN/RRB Number               | 12   | 6-17     | X(12)  | HICN Or RRB                                                         | Critical Field<br>This field provides either the HICN or the RRB Number for identification of the individual. The Plan should provide either the HICN or the RRB Number, whichever the Plan has available and active for the individual. The value is left justified in the field and does not include dashes, decimals, or commas. |
| Filler                        | 9    | 18-26    | X(9)   | Spaces                                                              |                                                                                                                                                                                                                                                                                                                                     |
| DOB                           | 8    | 27-34    | X(8)   | CCYYYYMMDD                                                          | Critical Field<br>The date of the individual’s birth; value format is YYYYMMDD. The value should not include dashes, decimals, or commas. The value should include only numbers.                                                                                                                                                    |

## **F.21. 4 Sample BEQ Request File Pass and Fail Acknowledgments**

### ***Description***

The Enrollment Processing System issues an e-mail acknowledgment of receipt and status to the Sending Entity. If the status is accepted, the file is processed. If the status is rejected, the e-mail informs the Sending Entity of the first File Error Condition that caused the BEQ Request File's rejection. A rejected file is not returned.

### ***Example***

Sample e-mail notifications showing a Pass Acknowledgement and a Fail Acknowledgement appear below:

## F.22 BEQ Response File

The BEQ Response File contains records produced from processing the transactions of accepted BEQ Request files. Detail records for all submitted records that are successfully processed contain Processed Flag = Y. Detail records for all submitted records that are not successfully processed contain Processed Flag = N.

CMS sends BEQ Response Files to Plans in the following format. The BEQ Response Files are flat files created as a result of processing the Transactions, i.e., Detail Records, of Accepted BEQ Request Files.

The following records are included in this file:

- Header Record
- Detail Record
- Trailer Record

### F.22.1 Header Record

| Field                | Size | Position | Format | Valid Values                     | Field Definition                                                                                                                                                                                                                       |
|----------------------|------|----------|--------|----------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| File ID Name         | 8    | 1-8      | X(8)   | "CMSBEQRH"                       | This field is always set to the value "CMSBEQRH." This code identifies the record as the Header Record of a BEQ Response File.                                                                                                         |
| Sending Entity (MBD) | 8    | 9-16     | X(8)   | "MBD " (MBD + 5 Spaces)          | This field is always set to the value "MBD ". The value specifically is MBD + 5 following Spaces. This value agrees with the corresponding value in the Trailer Record.                                                                |
| File Creation Date   | 8    | 17-24    | X(8)   | CCYYMMDD                         | The date that CMS created the BEQ Response File. This value is in the format of CCYYMMDD. For example, January 3, 2010 is the value 20100103. This value agrees with the corresponding value in the Trailer Record.                    |
| File Control Number  | 9    | 25-33    | X(9)   | Assigned by Sending Entity (MBD) | The specific Control Number assigned by CMS to the BEQ Response File. CMS utilizes this value to track the BEQ Response File through CMS processing and archive. This value agrees with the corresponding value in the Trailer Record. |
| Filler               | 717  | 34-750   | X(717) | Spaces                           | No meaningful values are supplied in this field. This field is set to SPACES and is not referenced for or used to store meaningful information, unless specifically documented otherwise.                                              |

Total Length = 750

**F.22.2 Detail Record (Transaction)**

| Item | Field                                  | Size | Position | Format | Valid Values                                                                                                                                                                                               | Description                                                                                                                                                                                                                                                                                                                                                                                            |
|------|----------------------------------------|------|----------|--------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1    | Record Type                            | 3    | 1-3      | X(3)   | "DTL"                                                                                                                                                                                                      | This field is set to the value "DTL," indicating that this is a detail record.                                                                                                                                                                                                                                                                                                                         |
| 2    | Original Detail Record                 | 42   | 4-45     | X(42)  | The first 42 positions of the original Transaction or Detail Record as supplied by the Sending Entity.                                                                                                     | This field provides the meaningfully populated area of the BEQ Request File Transaction provided by the Sending Entity. The breakdown includes:<br>Record Type X(95) position 4 ... 8<br>Bene. HICN / RRB # X(12) position 9 ... 20<br>Filler position 21 ... 29<br>Beneficiary DOB X(8) position 30 ... 37<br>Beneficiary Gender Code X(1) position 38<br>Detail Record Sequence # 9(7) pos 39 ... 45 |
| 3    | Processed Flag                         | 1    | 46       | X(1)   | "Y" = Detail record accepted for processing.<br>"N" = Detail record not accepted for processing.                                                                                                           | A flag that indicates if the Transaction (Detail Record) was accepted for processing. A Transaction is accepted for processing if all critical fields contain valid values.                                                                                                                                                                                                                            |
| 4    | Beneficiary Match Flag                 | 1    | 47       | X(1)   | "Y" = Beneficiary matched (located) successfully.<br>"N" = Beneficiary not matched (located) successfully.<br>" " (SPACE) = Beneficiary Match not attempted due to an Invalid condition in the Transaction | A flag that indicates whether or not the Beneficiary in the Transaction successfully matched to a Beneficiary on the CMS MBD.                                                                                                                                                                                                                                                                          |

### **F.22.3 Trailer Record**

| <b>Item</b> | <b>Field</b>        | <b>Size</b> | <b>Position</b> | <b>Format</b> | <b>Valid Values</b>              | <b>Description</b>                                                                                                                                                                                                                         |
|-------------|---------------------|-------------|-----------------|---------------|----------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1           | File ID Name        | 8           | 1-8             | X(8)          | "CMSBEQRT"                       | This field is always set to the value "CMSBEQRT." This code identifies the record as the Trailer Record of a BEQ Response File.                                                                                                            |
| 2           | Sending Entity: MBD | 8           | 9-16            | X(8)          | "MBD " (MBD + 5 Spaces)          | This field is always set to the value "MBD ". The value specifically is MBD + 5 following Spaces. This value agrees with the corresponding value in the Header Record.                                                                     |
| 3           | File Creation Date  | 8           | 17-24           | X(8)          | CCYYMMDD                         | The date when CMS created the BEQ Response File. This value is formatted as CCYYMMDD. For example, January 3, 2010 is the value 20100103. This value agrees with the corresponding value in the Header Record.                             |
| 4           | File Control Number | 9           | 25-33           | X(9)          | Assigned by Sending Entity: MBD  | The specific Control Number assigned by CMS to the BEQ Response File. CMS utilizes this value to track the BEQ Response File through CMS processing and archive. This value agrees with the corresponding value in the Header Record.      |
| 5           | Record Count        | 7           | 34-40           | 9(7)          | Numeric value greater than Zero. | The total number of Transactions or Detail Records on the BEQ Response File. This value is right justified in the field, with leading zeros. This value does not include non-numeric characters, such as commas, spaces, dashes, decimals. |
| 6           | Filler              | 710         | 41-750          | X(710)        | Spaces                           | No meaningful values are supplied in this field. This field is set to SPACES is not referenced for or used to store meaningful information, unless specifically documented otherwise.                                                      |

## F.23 MA Full Dual Auto Assignment Notification File

This cumulative monthly file identifies organizations' enrollees who are full-benefit dual eligible. The following records are included in this file:

- Header Record This first record of the file only occurs once.
- Detail Record (Transaction) This record contains Beneficiary information and may occur multiple times.
- Trailer Record This last record of the file only occurs once.

### F.23.1 Header Record

| Field               | Size | Position | Format | Valid Values                     | Description                                                                                                                                                                                                                                                |
|---------------------|------|----------|--------|----------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| File ID Name        | 8    | 1-8      | X(8)   | "MMAADUAH"                       | This field is always set to the value "MMAADUAH." This code identifies the record as the Header Record of an Auto Assignment Full Dual Notification File.                                                                                                  |
| Sending Entity: MBD | 8    | 9-16     | X(8)   | "MBD " (MBD + 5 Spaces)          | This is always set to the value "MBD ." The value specifically is MBD + 5 following Spaces. This value agrees with the corresponding value in the Trailer Record.                                                                                          |
| File Creation Date  | 8    | 17-24    | X(8)   | YYYYMMDD                         | The date on which the Full Dual File was created by CMS. This value is in the format of YYYYMMDD. For example, January 3, 2010 is the value 20100103. This value agrees with the corresponding value in the Trailer Record.                                |
| File Control Number | 9    | 25-33    | X(9)   | Assigned by Sending Entity (MBD) | The specific Control Number assigned by CMS to the Full Dual Notification File. CMS utilizes this value to track the Full Dual Notification File through CMS processing and archive. This value agrees with the corresponding value in the Trailer Record. |
| Filler              | 67   | 34-100   | X(67)  | Spaces                           | No meaningful values are supplied in this field. This field is set to SPACES and is not referenced for or used to store meaningful information, unless specifically documented otherwise.                                                                  |

### **F.23.3 Trailer Record**

| <b>Data Field</b>   | <b>Size</b> | <b>Position</b> | <b>Format</b> | <b>Valid Values</b>              | <b>Field Definition</b>                                                                                                                                                                                                                                   |
|---------------------|-------------|-----------------|---------------|----------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| File ID Name        | 8           | 1- 8            | X(8)          | "MMAADUAT"                       | This field is always set to the value "MMAADUAT." This code identifies the record as the Trailer Record of an Auto Assignment Full Dual Notification File.                                                                                                |
| Sending Entity MBD  | 8           | 9-16            | X(8)          | "MBD " (MBD + 5 Spaces)          | This field is always set to the value "MBD ". The value specifically is MBD + 5 following Spaces. This value agrees with the corresponding value in the Header Record.                                                                                    |
| File Creation Date  | 8           | 17-24           | X(8)          | YYYYMMDD                         | The date on which the Full Dual Notification File was created by CMS. This value is formatted as YYYYMMDD. For example, January 3, 2010 is the value 20100103. This value agrees with the corresponding value in the Header Record.                       |
| File Control Number | 9           | 25-33           | X(9)          | Assigned by Sending Entity (MBD) | The specific Control Number assigned by CMS to the Full Dual Notification File. CMS utilizes this value to track the Full Dual Notification File through CMS processing and archive. This value agrees with the corresponding value in the Header Record. |
| Record Count        | 9           | 34-42           | 9(9)          | Numeric value greater than Zero. | The total number of Transactions or Detail Records on the Full Dual Notification File. This value is right justified in the field, with leading zeros. This value does not include non-numeric characters, such as commas, spaces, dashes, decimals.      |
| Filler              | 58          | 43-100          | X(58)         | Spaces                           | No meaningful values are supplied in this field. This field is set to SPACES and is not referenced for or used to store meaningful information, unless specifically documented otherwise.                                                                 |

Total Length = 100

### ***F.24 Auto Assignment Address Notification File***

This file contains monthly addresses of Beneficiaries that are either AE, FE, or reassigned to PDPs. This file contains a header record, detail records, and a trailer record. Please see the Main Guide section 4.4.5 for details on its use.

- Header Record                      This first record of the file only occurs once.
- Detail Record                      This record contains Beneficiary information and may occur multiple times.
- Trailer Record                      This last record of the file only occurs once.

The full address, including city/state/zip code, is “wrapped” in the fields “Beneficiary Address Line 1” through “Beneficiary Address Line 6,” with the result that street address, city, and state may appear on different lines for different beneficiaries. Different parts of the address appears only on certain lines, as follows:

- Beneficiary Address Lines 1-6 is limited to Representative Payee Name (if applicable), and street address, and these elements “wrap.”
- When a Beneficiary has a Representative Payee, the Beneficiary Representative Payee Name prints on Address Line 1, and may use more Address Lines.
- The actual street address in such cases is printed on the line after the name concludes.
- Address Lines print on fewer than six lines with the remainder of the lines padded with space prior to printing.
- City/State/Zip Code data only appear in the fields labeled as City/State/Zip Code data fields.

#### ***F.24.1 Header Record***

| Item | Field                                                                                      | Size | Position |
|------|--------------------------------------------------------------------------------------------|------|----------|
| 1    | Header Code (This field used for file/record identification purposes, ‘MMAAPDPGH’)         | 9    | 1-9      |
| 2    | Sending Entity (This field used to identify the sending entity, ‘MBD    (MBD + 5 spaces) ) | 8    | 10-17    |
| 3    | File Creation Date (The date the file was created in CCYYMMDD format)                      | 8    | 18-25    |
| 4    | File Control Number (Unique file identifier created by Sending Entity)                     | 9    | 26-34    |
| 5    | Filler (This field is all spaces)                                                          | 581  | 35-615   |

Total Length = 615

### **F.24.2 Detail Record**

| <b>Item</b> | <b>Field</b>                                                                                                                                           | <b>Size</b> | <b>Position</b> |
|-------------|--------------------------------------------------------------------------------------------------------------------------------------------------------|-------------|-----------------|
| 1           | Beneficiary's HICN (This field provides the HICN for identification of the individual; RRB_HIC_NUM in MBD_BENE)                                        | 12          | 1-12            |
| 2           | Beneficiary's Last Name (This field provides the first twelve characters of the last name of the individual; BENE_LAST_NAME in MBD_BENE)               | 12          | 13-24           |

### ***F.25 Plan Payment Report (PPR)/Interim Plan Payment Report (IPPR) Data File***

Also known as the APPS Payment Letter, this data file itemizes the final monthly payment to the MCO. This data file and subsequent report is produced by the APPS when final payments are calculated. CMS makes this report available to MCOs as part of month-end processing.

The IPPR is provided when a Plan is approved for an interim payment outside of the normal monthly process. The data file/report contains the amount and reason for the interim payment to the Plan.

***F.26 Long-Term Institutionalized (LTI) Resident Report Data File***

The LTI Resident Report provides Part D sponsors with a list of their enrolled beneficiaries who are LTI residents for longer than 90 days.

CMS will release the LTI report every quarter. This report provides information to Part D Sponsors on institutionalized enrollees, as well as the names and addresses of the particular long-term care (LTC) facilities in which those beneficiaries reside. This information is obtained by linking Medicare enrollment information with data from the Minimum Data Set (MDS) of nursing home assessments.

This report is distributed to each Part D sponsor through the secure CMS Enterprise File Transfer (EFT) process. The report is retrieved using Gentran or Connect:Direct service.

### ***F.27 Agent Broker Compensation Report Data File***

For Plan enrollments, MARx establishes a status of initial or renewal as well as a six-year compensation cycle, which provides Plans with the information necessary to determine how to pay agents for specific Beneficiary enrollments. Plans can pay agents an initial amount or a renewal amount as provided in the CMS agent compensation guidance.

Based on the qualification rules, year 1 is the initial year and years 2 through 6 are the renewal years. Plans are responsible for using this information in conjunction with their internal payment and enrollment tracking systems to determine an agent's use and how much to pay the agent.

The Agent Broker Compensation Report Data File is generated and sent to Plans along with the first DTRR of each calendar month.

| Item | Field                                            | Length | Position | Description                                                                                                                                                                                                                                                                                      |

## ***F.28 Monthly Medicare Second Payer (MSP) Information Data File***

The Monthly MSP Information data file is sent directly to Plans on the first Monday after the MARx month-end processing completes. This file contains a subset of information to assist Plans with reconciling payment; the full monthly MSP COB file distributed at the beginning of each month contains more detail.

### ***F.28.1 Header Record***

### ***F.30 No Premium Due Data File Layout***

MA enrollees who elect optional supplemental benefits may also elect SSA premium withholding. In mid-November, MARx begins preparing the premium records for the next year. Since MARx cannot anticipate which optional premiums an enrollee may elect for next year, an enrollee only paying optional premiums may convert from “SSA Premium Withholding” status in one year to “No Premium Due” status for the next year. Plans should use the No Premium Due Data File to identify enrollees in a “No Premium Due” status for the next year. Plans should review the report and submit both a Part C Premium Update (TC 78) to update the Part C premium Amount, and a PPO Update (TC 75) to request SSA Withholding Status, for enrollees who are renewing both elections for the next year.

**F.31 Failed Payment Reply Report (FPRR) Data File**

Along with the other monthly payment reports, MARx generates the FPRR. If payment calculation for a beneficiary cannot complete, MARx identifies the beneficiary and time period for which the payment calculation is not performed. The records in this file are the same length as those in the DTRR and contain their own unique Payment Reply Codes (PRCs) found in Table I-4.

| Field                    | Size | Position | Description                                                                                                                                                                                  |

| 19. FILLER               | 1    | 84       | Spaces                                                                                                                                                                                       |
| 20. CPM                  | 12   | 85- 96   | CPM, formatted YYYYMM, left justified with six spaces completing the field, and included with both PRC 000 and PRC 264, and PRC 299                                                          |
| 21. FILLER               | 38   | 97-134   | Spaces                                                                                                                                                                                       |
| 22. Segment Number       | 3    | 135-137  | Segment in PBP, included with PRC 264                                                                                                                                                        |
| 23. FILLER               | 25   | 138-162  | Spaces                                                                                                                                                                                       |
| 24. Processing Timestamp | 15   | 163-177  | Report generation time, formatted HH.MM.SS.SSSSSS and included with both PRC 000 and PRC 264                                                                                                 |
| 25. FILLER               | 188  | 178-365  | Spaces                                                                                                                                                                                       |
| 26. PRC Short Name       | 15   | 366-380  | PRC short name associated with PRC 000 is "NO REPORT," with PRC 264 is "NO PAYMENT," and with PRC 299 is "RESTORED PYMT." Text is left justified with following spaces completing the field. |
| 27. FILLER               | 120  | 381-500  | Spaces                                                                                                                                                                                       |

Total Length = 500

## G: Screen Hierarchy

The Common User Interface (UI) screens are accessed via the drill-down method of navigation. Functions are grouped together under a common menu item. For example, most of the Beneficiary-specific information is found under the Beneficiary menu item. **Table G-1** lists the names of the Common UI screens accessible to Managed Care Organizations (MCOs) and their screen numbers, for reference only.

**Table G-1: Screen Lookup Table**

| Screen Name                                    | Screen Number |
|------------------------------------------------|---------------|
| <b>Logon, Logoff, and Welcome Screens</b>      |               |
| MARx Logout                                    |               |
| User Security Role Selection                   | M002          |
| Welcome                                        | M101          |

## H: Validation Messages

**Table H-1** lists validation messages that appear directly on the screen during data entry/processing in the status line (the line just below the title line, as in **Figure H-1**).

**Beneficiaries: Find (M201)**  
PBP number must be 3 alpha-numeric characters

*Figure H-1: Validation Message Placement on Screen*

These are common validation messages, not specific to a single screen but related to the fields that appear on many screens. Note that screen/function-specific messages appear in the section related to the specific function and are associated with the specific screen.

**Table H-1: Validation Messages**

| Error Messages                                                                                    | Suggested Action                                                                                                                                                                                                                        |
|---------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| User must enter a contract number                                                                 | Enter the field specified by the message.                                                                                                                                                                                               |
| A contract number must start with an 'E', 'H', 'R', 'S', 'X,' or '9', followed by four characters | Re-enter the field and follow the format indicated in the message.                                                                                                                                                                      |
| User must enter a sex                                                                             | Enter the field specified by the message.                                                                                                                                                                                               |
| User must select a state                                                                          | Enter the field specified by the message.                                                                                                                                                                                               |
| Invalid Contract/PBP combination                                                                  | Check the combination and re-enter.                                                                                                                                                                                                     |
| Invalid Contract/PBP/segment combination                                                          | Check the combination and re-enter.                                                                                                                                                                                                     |
| <kind-of-date> is invalid. Must have format (M)M/(D)D/YYYY                                        | Re-enter the field and follow the format indicated in the message.                                                                                                                                                                      |
| User must enter <kind of date>                                                                    | Enter the field specified by the message.                                                                                                                                                                                               |
| PBP number must have three alphanumeric characters                                                | Re-enter the field and follow the format indicated in the message.                                                                                                                                                                      |
| Please enter at least one of the required fields                                                  | Make sure to enter all the required fields.                                                                                                                                                                                             |
| Please enter user ID or password                                                                  | Make sure to enter one of the fields specified by the message.                                                                                                                                                                          |
| Segment number must have three digits                                                             | Re-enter the field and follow the format indicated in the message.                                                                                                                                                                      |
| The claim number is not a valid SSA or RRB number, or CMS Internal number                         | Re-enter the field in SSA, RRB, or CMS Internal format.                                                                                                                                                                                 |
| The last name contains invalid characters                                                         | Re-enter the field using only letters, apostrophes, hyphens, or blanks.                                                                                                                                                                 |
| The user ID contains invalid characters                                                           | Re-enter the field and follow the format indicated in the message.                                                                                                                                                                      |
| You do not have access rights to this contract                                                    | First, make sure that the Contract # correctly is entered correctly. If not, re-enter it. If the user did, he/she should have rights to this contract; see the Security Administrator who can update the user profile for these rights. |

## I: Codes

This appendix lists the numerical value and descriptions for codes that are highly visible to users.

### I.1 Transaction Codes

**Table I-1** lists the Medicare Advantage and Prescription Drug System (MARx) Transaction Codes and the description of each code.

**Table I-1: Transaction Codes**

| Code | Description                                           |
|------|-------------------------------------------------------|
| 01   | MCO Correction                                        |
| 30   | Turn Bene-Level Demonstration Factor On (Demos Only)  |
| 31   | Turn Bene-Level Demonstration Factor Off (Demos Only) |
| 41   | Update to Opt-Out Flag (Submitted by CMS)             |
| 42   | MMP Opt-Out Change (Submitted by 1-800 MEDICARE)      |
| 51   | Disenrollment (MCO or CMS)                            |
| 54   | Disenrollment (Submitted by 1-800-MEDICARE)           |
| 61   | Enrollment                                            |
| 72   | 4Rx Record Update                                     |
| 73   | NUNCMO Record Update                                  |
| 74   | EGHP s Record Update                                  |
| 75   | Premium Payment Option (PPO) Update                   |
| 76   | Residence Address Record Update                       |
| 77   | Segment ID Record Update                              |
| 78   | Part C Premium Record Update                          |
| 79   | Part D Opt-Out Record Update                          |
| 80   | Cancellation of Enrollment                            |
| 81   | Cancellation of Disenrollment                         |
| 82   | MMP Enrollment Cancellation                           |
| 83   | MMP Opt-Out Update                                    |

## ***I.2 Transaction Reply Codes (TRCs)***

**Table I-2** lists the reply codes returned for transactions found in Table I-1.

TRC Types:

- |     |                 |                                                                                                                                                                                                                                                                                                                                                                                                                                           |
|-----|-----------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| A - | Accepted -      | A transaction is accepted and the requested action is applied (Example: enrollment or disenrollment)                                                                                                                                                                                                                                                                                                                                      |
| R - | Rejected -      | A transaction is rejected due to an error or other condition. The requested action is not applied to the CMS System. The TRC indicates the reason for the transaction rejection. The Plan should analyze the rejection to validate the submitted transaction and to determine whether to resubmit the transaction with corrections.                                                                                                       |
| I - | Informational - | These replies accompany Accepted TRC replies and provide additional information about the transaction or Beneficiary. For example: If an enrollment transaction for a Beneficiary who is “out of area” is accepted, the Plan receives an accepted TRC (TRC 011) and an additional reply is included in the Transaction Reply Report (TRR) that gives the Plan the additional information that the Beneficiary is “Out of Area” (TRC 016). |
| M - | Maintenance -   | These replies provide information to Plans about the Beneficiaries enrolled in their Plans. They are sent in response to information received by CMS. For example: If CMS is informed of a change in a Beneficiary’s claim number, a reply is included in the Plan’s TRR with TRC 086, giving the Plan the new claim number.                                                                                                              |
| F - | Failed -        | A transaction failed due to an error or other condition and the requested action did not occur. The TRC indicates the reason for the transaction’s failure. The Plan should analyze the failed transaction and determine whether to resubmit with corrections.                                                                                                                                                                            |

|                  |                 |              |                   |
|------------------|-----------------|--------------|-------------------|
| Legend for Type: | A = Accepted    | R = Rejected | I = Informational |
|                  | M = Maintenance | F = Failed   |                   |

**Table I-2: Transaction Reply Codes**

| Code | Type | Title                          | Short Definition | Definition                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |
|------|------|--------------------------------|------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 001  | F    | Invalid Transaction Code       | BAD TRANS CODE   | <p>This TRC is returned on a failed transaction when Transaction Code (field 16) contains an invalid value.</p> <p>Valid Transaction Code values are 01, 51, 61, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, and 83. .</p> <p>Note: Transaction Types 41, 42, and 54 are valid but not submitted by the Plans.</p> <p>This TRC is returned in the Batch Completion Status Summary (BCSS) Report along with the failed record and is not returned in the DTRR.</p> <p>Plan Action: Correct the Transaction Code and resubmit if appropriate.</p> |
| 002  | F    | Invalid Correction Action Code | BAD ACTION CODE  | <p>This TRC is returned on a failed transaction (Transaction Type 01) when the supplied action code contains an invalid value. The valid action code values are D, E, F and G. .</p> <p>This TRC is returned in the BCSS Report along with the failed record. This TRC is not returned in the DTRR.</p> <p><b>Plan Action:</b> Correct the Action Code and resubmit if appropriate.</p>                                                                                                                                                         |
| 003  | F    | Invalid Contract Number        | BAD CONTRACT #   | <p>A transaction (Transaction Types 01, 51, 61, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, and 83) failed because CMS did not recognize the contract number.</p> <p>This TRC is returned in the BCSS Report along with the failed record. This TRC is not returned in the DTRR.</p> <p><b>Plan Action:</b> Correct the Contract Number and resubmit if appropriate.</p>                                                                                                                                                                        |
| 004  | R    | Beneficiary Name Required      | NEED MEMB NAME   | <p>A transaction (Transaction Types 01, 41, 51, 61, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, and 83) was rejected, because both of the beneficiary name fields (Surname and First Name) were blank. The Plan must provide the beneficiary's name and must resubmit the transaction with beneficiary name included.</p> <p><b>Plan Action:</b> Populate the Beneficiary Name fields and resubmit if appropriate.</p>                                                                                                                          |

| Code | Type | Title                              | Short Definition | Definition                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |
|------|------|------------------------------------|------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 006  | R    | Incorrect Birth Date               | BAD BIRTH DATE   | <p>A transaction (Transaction Types 01, 51, 61, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, and 83) was rejected because the Birth Date, while non-blank and formatted correctly as YYYYMMDD (year, month, and day), is before 1870 or greater than the current year. The system tried to identify the beneficiary with the remaining demographic information but could not.</p> <p><b>Note:</b> A blank Birth Date does not result in TRC 006 but may affect the ability to identify the appropriate beneficiary. See TRC 009.</p> <p><b>Plan Action:</b> Correct the Birth Date and resubmit if appropriate.</p>                                                                              |
| 007  | R    | Invalid Claim Number               | BAD HICN FORMAT  | <p>A transaction (Transaction Types 01, 51, 61, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, and 83) was rejected, because the beneficiary claim number was not in a valid format.</p> <p>The valid format for a claim number could take one of two forms:</p> <ul style="list-style-type: none"> <li>• HICN is an 11-position value, with the first 9 positions numeric and the last 2 positions alphanumeric.</li> <li>• RRB is a 7 to 12 position value, with the first 1 to 3 positions alpha and the last 6 or 9 positions numeric.</li> </ul> <p><b>Plan Action:</b> Determine the correct claim number (HICN or RRB) for the beneficiary and resubmit the transaction if appropriate.</p> |
| 008  | R    | Beneficiary Claim Number Not Found | CLAIM NOT FOUND  | <p>A transaction (Transaction Types 01, 51, 61, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, and 83) was rejected, because a beneficiary with this claim number was not found. The Plan must resubmit the transaction with a valid claim number.</p> <p><b>Plan Action:</b> Determine the correct claim number (HICN or RRB) for the beneficiary and resubmit the transaction if appropriate.</p>                                                                                                                                                                                                                                                                                                |
| 009  | R    | No beneficiary match               | NO BENE MATCH    | <p>This TRC is returned on a rejected transaction (Transaction Types 01, 51, 61, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, and 83) when the system cannot locate the beneficiary based on the identifying information submitted in the transaction.</p> <p>A HICN is required, along with a match on 3 of the following 4 fields: surname, first initial, date of birth and sex code.</p> <p><b>Plan Action:</b> Correct the beneficiary identifying information and resubmit if appropriate.</p>                                                                                                                                                                                             |

| 011  | A    | Enrollment Accepted as Submitted                | ENROLL<br>ACCEPTED  | <p>The new enrollment (Transaction Type 61) has been successfully processed. The effective date of the new enrollment is reported in DTRR field 18.</p> <p>This is the definitive enrollment acceptance record. Other accompanying replies with different TRCs may give additional information about this enrollment.</p> <p><b>Plan Action:</b> Ensure the Plan's system matches the information included in the DTRR record. Take the appropriate actions as per CMS enrollment guidance.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
| 013  | A    | Disenrollment Accepted as Submitted             | DISENROL<br>ACCEPT  | <p>A disenrollment transaction (Transaction Type 51 or 54) has been successfully processed. The last day of the enrollment is reported in DTRR fields 18 and 24.</p> <p>The disenrollment date is always the last day of the month.</p> <p><b>Plan Action:</b> Ensure the Plan's system matches the information included in the DTRR record and that the beneficiary's disenrollment date matches the date in field 24. Take the appropriate actions as per CMS enrollment guidance.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
| 014  | A    | Disenrollment Due to Enrollment in Another Plan | DISNROL-<br>NEW MCO | <p>This TRC is returned when the system generates a disenrollment date due to a beneficiary's enrollment in another Plan. It is returned on a reply with Transaction Type 51 or 61.</p> <p>The last day of the enrollment is reported in DTRR fields 18 and 24. This date is always last day of the month.</p> <p>For the Transaction Type 51 transaction, the beneficiary has been disenrolled from this Plan because they were successfully enrolled in another Plan. The Source ID (field 28) contains the Contract number of the Plan that submitted the new enrollment which caused this disenrollment.</p> <p>For the Transaction Type 61 transaction, the TRC is issued whenever a retroactive enrollment runs into an existing enrollment that prevails according to application date edits. The Source ID (field 28) contains the Contract number of the prevailing Plan.</p> <p><b>Plan Action:</b> Update the Plan's records accordingly, ensuring that the beneficiary's information matches the data included in the DTRR record and that the beneficiary's disenrollment date matches the date in field 24. Take the appropriate actions as per CMS enrollment guidance.</p> |

| 018  | A    | Automatic Disenrollment                              | AUTO DISENROLL   | <p>The beneficiary has been disenrolled from the Plan. The last day of enrollment is reported in DTRR fields 18 and 24. This date is always the last day of the month.</p> <p>The disenrollment may result from an action on the part of the beneficiary, CMS or another Plan.</p> <p>A DTRR reply with this TRC is usually accompanied by one or more replies, which make the reason for automatic disenrollment evident. For example, in the case of beneficiary death, the reply with TRC 018 is accompanied by two replies with TRC 090.</p> <p><b>Plan Action:</b> Update the Plan's records to reflect the disenrollment using the date in field 24. Take the appropriate actions as per CMS enrollment guidance.</p>                                                                                                                                                             |
| 019  | R    | Enrollment Rejected - No Part A & Part B Entitlement | NO ENROLL-NO AB  | <p>A submitted enrollment or PBP change transaction (Transaction Type 61) was rejected because the beneficiary does not have Medicare entitlement as of the effective date of the transaction.</p> <p><b>Plan Action:</b> Take the appropriate actions as per CMS enrollment guidance.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| 020  | R    | Enrollment Rejected - Under 55                       | NO ENROLL-NOT55  | <p>A submitted enrollment or PBP change transaction (Transaction Type 61) for a PACE plan was rejected because the beneficiary is not yet 55 years of age.</p> <p><b>Plan Action:</b> Take the appropriate actions as per CMS enrollment guidance.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
| 022  | A    | Transaction Accepted, Claim Number Change            | NEW HICN         | <p>A transaction (Transaction Types 61, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, and 83) has been successfully processed. The effective date of the transaction is shown in DTRR field 18.</p> <p>Additionally, the claim number for this beneficiary has changed. The new claim number is in DTRR field 1 and the old claim number is reported in field 24.</p> <p>For enrollment acceptance (Transaction Type 61), TRC 022 is reported in lieu of TRC 011. Other accompanying replies with different TRCs may give additional information about this enrollment.</p> <p><b>Plan Action:</b> Ensure the Plan's system matches the information included in the DTRR record. Take the appropriate actions as per CMS guidance. Change the beneficiary's claim number in the Plan's records. Any future submitted transactions for this beneficiary must use the new claim number.</p> |

| 071  | M    | Hospice Status Set        | HOSPICE ON       | <p>This TRC is returned on a reply with Transaction Type 01 and occasionally with Transaction Type 51, and Transaction Type 61. When returned with Transaction Type 01, the TRC is in response to a change in beneficiary Hospice status. It is not a reply to a submitted transaction but is intended to supply the Plan with additional information about the beneficiary.</p> <p>In the case of Transaction Type 01, a notification has been received that this beneficiary is in Hospice status. The date on which Hospice Status became effective is reported in DTRR fields 18 and 24.</p> <p>The effective date for Hospice Status is not restricted to the first or last day of the month. It may be any day of the month.</p> <p>When this TRC is returned with Transaction Type 61 the TRC is in response to a retroactive enrollment and is identifying the fact that an enrollment end date has been established due to the beneficiary's hospice status. The enrollment start date is in DTRR field 18 and the enrollment end date is in field 24. In this circumstance it is accompanied by TRC 018, Automatic Disenrollment, as well.</p> <p><b>Plan Action:</b> Update the Plan's records. Take the appropriate actions as per CMS enrollment guidance.</p> |

| 077  | M    | Medicaid Status Set        | MEDICAID ON      | <p>A reply with this TRC is seen for Plan submitted retroactive Transaction Type 01 and 30 transactions and occasionally Transaction Type 61 enrollment transactions.</p> <p>In the case of Transaction Type 01, this beneficiary has been placed in Medicaid Status by the Plan. The effective date of the Medicaid Status is reported in field 18 of the DTRR. This date is always the first of the month and is retroactive.</p> <p><b>Note:</b> Plans do not submit Transaction Type 01 with any effective dates later than 12/31/2007.</p> <p>When this TRC is returned with Transaction Type 61, the TRC is in response to a retroactive enrollment and is identifying the fact that an enrollment end date has been established due to the beneficiary having a Medicaid status. The enrollment start date is in DTRR field 18 and the enrollment end date is in field 24. In this circumstance it is accompanied by TRC 018, Automatic Disenrollment, as well.</p> <p>Transaction type 30, when provided with the request type 22, is a rate recalculation for a Medicaid status change.</p> <p><b>Plan Action:</b> Update the Plan's records. Take the appropriate actions as per CMS enrollment guidance.</p> |
| 078  | M    | Medicaid Status Terminated | MEDICAID OFF     | <p>This TRC is returned in response to a Transaction Type 01 transaction submitted by the Plan.</p> <p>This beneficiary's Medicaid Status has been terminated. The effective date of the termination Medicaid Status is reported in DTRR fields 18 and 24 of the DTRR. This date is always the last day of the month.</p> <p><b>Plan Action:</b> Update the Plan's records. Take the appropriate actions as per CMS enrollment guidance.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |

| 120  | A    | PPO Change Sent to W/H Agency | WHOLD UPDATE     | <p>As a result of an accepted Plan-submitted transaction (Transaction Types 51, 61, 73, 74, 75) or UI update to a beneficiary's records, information has been forwarded to SSA/RRB to update SSA/RRB records and implement any requested premium withholding changes.</p> <p>Any requested change will not take effect until an SSA/RRB acceptance is received. Plans are notified of the SSA/RRB acceptance with a TRC 185 in a future DTRR data file.</p> <p><b>Plan Action:</b> None required. Take the appropriate actions as per CMS enrollment guidance.</p> <p><b>Note:</b> <i>The Plan will not see the result of any PPO change until they have received a TRC 185 on a future DTRR.</i></p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
| 121  | M    | Low Income Period Status      | LIS UPDATE       | <p>This TRC is returned on a reply with Transaction Type 01 or 61. It is intended to supply the Plan with additional information about the beneficiary. It is created in response to an enrollment transaction or change in a beneficiary's low income profile. Each TRC 121 returns start and end dates, premium subsidy percentage, and copayment category for one low income period affecting a PBP enrollment. There may be more than one TRC 121 returned.</p> <p>The effective date for the co-pay period is shown in the Transaction Reply Report Low-Income Period Effective Date field (field 51). Premium subsidy percentage and co-pay level are reported in the Part D Low-Income Premium Subsidy Level field (field 49), and Low-Income Co-Pay Category field (field 50), respectively. The Effective Date field (field 18) contains the PBP enrollment period start date.</p> <p>Low income subsidy TRC 194 and/or TRC 223 may accompany TRC 121. These three TRCs convey the beneficiary's low income subsidy profile at the time of report generation. They provide a full replacement set of low income subsidy data affecting the identified PBP enrollment period.</p> <p>Plan Action: Update the Plan's records to reflect the given data for the beneficiary's LIS period. Take the appropriate actions as per CMS enrollment guidance.</p> |

| 197  | M    | Part D Eligibility Termination   | PART D OFF       | <p>This TRC is returned on a reply with Transaction Type 01 and occasionally with Transaction Type 51 and Transaction Type 61. When returned with Transaction Type 01, the TRC is in response to a change in beneficiary Part D Eligibility. It is not a reply to a submitted transaction but is intended to supply the Plan with additional information about the beneficiary.</p> <p>In the case of Transaction Type 01, this beneficiary's Part D eligibility has been terminated. The effective date of the termination is reported in DTRR fields 18 and 24.</p> <p>If applicable, CMS will automatically disenroll the beneficiary from the plan. A Transaction Type 51 transaction will be sent in this or another DTRR.</p> <p>When this TRC is returned with Transaction Type 61 the TRC is in response to a retroactive enrollment and is identifying the fact that an enrollment end date has been established due to the beneficiary's termination of Part D. The enrollment start date is in DTRR field 18 and the enrollment end date is in field 24. In this circumstance it is accompanied by TRC 018, Automatic Disenrollment, as well.</p> <p><b>Note:</b> A DTRR record with this reply code is only reported to the Plan in which the beneficiary is currently enrolled, even if it affects periods of enrollment in other Plans.</p> <p><b>Plan Action:</b> Update the Plan's beneficiary records with the information in the DTRR. Take the appropriate actions as per CMS enrollment guidance.</p> |
| 198  | M    | Part D Eligibility Reinstatement | PART D ON        | <p>This TRC is returned on a reply with Transaction Type 01. It is not a reply to a submitted transaction but is intended to supply the Plan with additional information about the beneficiary.</p> <p>This beneficiary's Part D eligibility has been reinstated. The effective date Part D eligibility start date is reported in DTRR fields 18 and 24.</p> <p><b>Note:</b> A DTRR record with this reply code is only reported to the Plan in which the beneficiary is currently enrolled, even if it affects periods of enrollment in other Plans. If, as a result of a loss of Part D eligibility, the beneficiary has been disenrolled, but not re-enrolled, the reply code is not issued.</p> <p><b>Plan Action:</b> Update the Plan's beneficiary records with the information in the DTRR. Take the appropriate actions as per CMS enrollment guidance.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |

| 223  | M    | Low Income Period Removed from Enrollment Period | LIS REMOVED      | <p>This TRC is returned on a reply with Transaction Type 01. It is not a reply to a submitted transaction, but is intended to supply the Plan with additional information about the beneficiary. Records with TRC 121 report low income periods that exist for a beneficiary at the time of data file generation. A record with TRC 223 reports a previously existing low income subsidy period that was removed and not replaced. Records with TRCs 121 and 223 accompany the acceptance TRC for an enrollment transaction and provide a full replacement set of low income subsidy data affecting the PBP enrollment.</p> <p>The following LIS information is reported on the DTRR for each period of Low Income Subsidy that was removed:</p> <ul style="list-style-type: none"> <li>• PBP Enrollment Effective Date (Field 18)</li> <li>• Part D Low-income Premium Subsidy Level (Field 49) for removed period</li> <li>• Low-income Co-Pay Category (Field 50) for removed period</li> <li>• Low-income Period start date (Field 51) for removed period</li> <li>• Low-income Period End Date (Field 64) for removed period</li> <li>• Low-income Period Subsidy Source (Field 65) for removed period</li> </ul> <p><b>Plan Action:</b> Update the Plan's records to reflect the given data for the beneficiary's LIS period. Take the appropriate actions as per CMS enrollment guidance.</p> |

| 302  | M    | Enrollment Cancelled, Claim Number Change        | ENRL CNCL MERGE  | <p>This TRC is returned on a reply with Transaction Type 01. It is not a reply to a submitted transaction but is intended to supply the Plan with additional information about the beneficiary.</p> <p>This beneficiary had multiple conflicting HICNs, which were merged into one. Plan enrollments for the conflicting HICNs have been combined under a valid HICN. This enrollment conflicted with another existing enrollment. As a result, the conflicting enrollment period was cancelled. The effective date of the enrollment which has been cancelled is reported in the Effective Date field (18). The termination date of the enrollment (if present) is reported in field 24.</p> <p><b>Plan Action:</b> Because the enrollment period is now cancelled, the enrollment period should be adjusted in the Plan's enrollment records. <b>This change may impact premiums that you collected directly from the beneficiary.</b> Take the appropriate actions as per CMS enrollment guidance.</p>                                                                                                       |
| 303  | M    | Termination Date Change due to Beneficiary Merge | TRM DT CHG MERGE | <p>This TRC is returned on a reply with Transaction Type 01. It is not a reply to a submitted transaction but is intended to supply the Plan with additional information about the beneficiary.</p> <p>This beneficiary had multiple conflicting claim numbers (HICNs) which were merged into one. Plan enrollments for the conflicting HICNs have been combined under a valid HICN. This enrollment conflicted with another existing enrollment. Current enrollment rules regarding the application signature date were applied and this enrollment's termination date was changed from the original date. The effective date of the enrollment with the changed termination date is reported in the Effective Date field (18). The new termination date of this enrollment is reported in Field 24.</p> <p><b>Plan Action:</b> Because the termination date has changed, the enrollment period should be adjusted in the Plan's enrollment records. <b>This change may impact premiums that you collected directly from the beneficiary.</b> Take the appropriate actions as per CMS enrollment guidance.</p> |

| 704  | A    | UI Enrollment Cancel PBP Correction     | UI CNCL PBP COR  | <p>A CMS User updated the PBP on an existing enrollment. This generates two transaction replies, a Transaction Type 51 with TRC 704 and a Transaction Type 61 with TRC 705. This reply with TRC 704 (Transaction Type 51) represents the cancellation of the enrollment in the original PBP. The effective (start) and disenrollment (end) dates of the enrollment being cancelled are found in DTRR fields 18 &amp; 24, respectively. When an enrollment is cancelled it means that the enrollment never occurred.</p> <p><b>Plan Action:</b> Remove the indicated enrollment in the original PBP from the Plan's records. Look for the accompanying reply with TRC 705 to determine the replacement enrollment period. Take the appropriate actions as per CMS enrollment guidance.</p>                                                                                                                                                                                                                                         |
| 705  | A    | UI Enrollment PBP Correction            | UI ENR PBP COR   | <p>A CMS User updated the PBP on an existing enrollment. This generates two transaction replies, a Transaction Type 51 with TRC 704 and a Transaction Type 61 with TRC 705. This reply with TRC 705 (Transaction Type 61) represents the enrollment in the new PBP. The effective (start) and disenrollment (end) dates of the enrollment in this new PBP are found in DTRR fields 18 &amp; 24, respectively. This enrollment should replace the enrollment cancelled by the associated Transaction Type 51 transaction (TRC 704).</p> <p>The Part C Premium amount may have been populated automatically with the base Part C premium amount.</p> <p><b>Plan Action:</b> Update the Plan records to reflect the beneficiary's enrollment in the new Contract, PBP. Look for the accompanying reply with TRC 704 to ensure that the original PBP enrollment was cancelled. Verify the Part C premium amount and submit a Record Update transaction if necessary. Take the appropriate actions as per CMS enrollment guidance.</p> |
| 706  | A    | UI Enrollment Cancel Segment Correction | UI CNCL SEG COR  | <p>A CMS User updated the Segment on an existing enrollment. This generates two transaction replies, a Transaction Type 51 with TRC 706 and a Transaction Type 61 with TRC 707. This reply (Transaction Type 51) represents the cancellation of the enrollment in the original Segment. When an enrollment is cancelled it means that the enrollment never occurred. The effective (start) and disenrollment (end) dates of the enrollment being cancelled are found in DTRR fields 18 &amp; 24, respectively.</p> <p><b>Plan Action:</b> Remove the indicated enrollment in the original Segment from the Plan's records. Look for the accompanying reply with TRC 707 to determine the replacement enrollment period. Take the appropriate actions as per CMS enrollment guidance.</p>                                                                                                                                                                                                                                          |

### 1.3 Obsolete Transaction Reply Codes (TRCs)

Table I-3 lists the obsolete TRCs marked for deletion beginning November 2006.

**Table I-3: Obsolete Transaction Reply Codes**

| Code | Type | Title                                          | Short Definition | Definition                                                                                                                                                                                                                                                                                                                                                                                                                |
|------|------|------------------------------------------------|------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 027  | A    | Demonstration Beneficiary Factor Set           | OBSOLETE         | <p>A transaction to turn on the beneficiary-level demonstration factor (Transaction Type 30) was successfully processed. The effective start date of the factor is shown in DTRR field 24.</p> <p><b>Note:</b> This reply code is only applicable to transactions that update beneficiary-specific risk adjustment factors for certain demonstration contracts.</p> <p><b>Plan Action:</b> Update the Plan's records.</p> |
| 028  | A    | Demonstration Beneficiary Factor Terminated    | OBSOLETE         | <p>A transaction to turn off the beneficiary-level demonstration factor (Transaction Type 31) was successfully processed. The effective end date of the factor is show in DTRR field 24.</p> <p><b>Note:</b> This reply code is only applicable to transactions that update beneficiary-specific risk adjustment factors for certain demonstration contracts.</p> <p><b>Plan Action:</b> Update the Plan's records.</p>   |
| 040  | R    | Enrollment Rejected, Multiple Enrollment Trans | OBSOLETE         | <p>An enrollment transaction (Transaction Type 61) was rejected because it was one of several that were submitted with the same effective date and application date.</p> <p><b>Plan Action:</b> None required.</p>                                                                                                                                                                                                        |
| 041  | R    | Invalid Demonstration Beneficiary Factor Date  | OBSOLETE         | <p>A beneficiary factor update request attempted to process. This was rejected because the effective start and/or end date was not in a valid format or the request specified an effective start date that was greater than the end date.</p> <p><b>Plan Action:</b> If this TRC is included in the Plan's DTRR, call the MMA Helpdesk to request guidance.</p>                                                           |
| 057  | M    | Risk Adjuster Factor Change                    | OBSOLETE         | <p>This is an informational TRC.</p> <p>The Risk Adjuster System (RAS) has created new factors for this beneficiary, which may result in payment adjustments.</p> <p><b>Plan Action:</b> Refer to the monthly RAS reports to update the Plan's records.</p>                                                                                                                                                               |

| Code | Type | Title                                       | Short Definition | Definition                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |
|------|------|---------------------------------------------|------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 111  | R    | PBP Rejected;<br>Invalid Contract<br>Number | OBSOLETE         | <p>A PBP enrollment change transaction (Transaction Type 61) was rejected because the contract number submitted on the transaction does not match the contract number of the Plan in which the beneficiary is currently enrolled. The requested effective date of enrollment in the new PBP is reported in DTRR field 18.</p> <p><b>Plan Action:</b> If appropriate, resubmit the transaction with the correct contract number. If the Plan is attempting to move the beneficiary to a new contract number, an enrollment transaction (Transaction Type 61) must be used.</p>                                                                                                                                                                                                                                   |
| 112  | R    | Rejected;<br>Conflicting<br>Effective Dates | OBSOLETE         | <p>A PBP change transaction (Transaction Type 61) was rejected because beneficiary was not enrolled in the submitted contract as of the effective date for the PBP change.</p> <p>A beneficiary must be enrolled in a PBP of a contract in order to change to another PBP. The effective date of the enrollment within the contract must be equal to or before the effective date of the PBP change.</p> <p><b>Plan Action:</b> Correct the effective date of the PBP Change transaction and resubmit if appropriate. If the Plan is attempting to enroll a beneficiary in a different PBP with an effective date earlier than the original enrollment, the Plan must use an Enrollment transaction (Transaction Type 61).</p>                                                                                  |
| 115  | R    | Enrollment<br>Rejected; Plan<br>Not Open    | OBSOLETE         | <p>An enrollment or PBP change transaction (Transaction Type 61) was rejected because this Plan is closed to enrollments using an O (OEP), N (OEPNEW) or OEPI (T) election type.</p> <p><b>Plan Action:</b> Correct the enrollment type and resubmit the transaction if appropriate.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |
| 146  | A    | Rollover<br>successful                      | OBSOLETE         | <p>A termination-rollover action was processed. These actions allow all members of a terminating Plan (contract or PBP) to be 'rolled over' (automatically enrolled) in a new Plan.</p> <p>This normally occurs at year end if a contract or PBP changes for the new year. The transaction is an Enrollment Transaction (Transaction Type 61) and has the new contract, PBP, and segment in DTRR fields 8, 20 and 33, respectively. The effective date of the rollover is reported in field 18 and in the EFF DATE column on the printed report.</p> <p><b>Plan Action:</b> Submit a 4Rx Record Update transaction (Transaction Type 72) supplying the beneficiary's new insurance field (4Rx) values. If the move resulted in beneficiaries being moved incorrectly, contact your CMS plan representative.</p> |

| 148  | I    | Rollover successful, Secondary Drug Insurance 4Rxupdate required | OBSOLETE         | <p>A beneficiary was “rolled over” into a new Plan (Contract and/or PBP). Updated 4RX drug insurance information is needed by CMS for the primary drug coverage and the secondary if applicable.</p> <p>This TRC provides the Plan with additional information on a rollover transaction that was processed successfully. It will be received by Plans which offer Part D coverage (PDP, MA-PD, demonstration or other Plan with Part D). The effective date of the new rolled-over enrollment will be reported in field 18 and in the EFF DATE column on the printed report.</p> <p><b>Plan Action:</b> Submit a 4Rx Change transaction (Transaction Type 72) supplying the beneficiary’s new insurance field (4Rx) values.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
| 167  | M    | Change in Beneficiary Low Income Premium Subsidy                 | OBSOLETE         | <p>This TRC is returned on a reply with Transaction Type 01. It is not a reply to a submitted transaction but is intended to supply the Plan with additional information about the beneficiary.</p> <p>This beneficiary’s Part D low-income subsidy amount and/or percentage have changed. The effective date of the change is reported in field 18 of the DTRR record and in the EFF DATE column on the printed report. Field 55 reports the beneficiary’s Part D premium subsidy amount as of the effective date of the transaction.</p> <p>If the change affects the Part D low-income subsidy for the Current Payment Month (CPM), the new amount will be reported in field 24.</p> <p>Replies with TRC 167 are often accompanied by replies with TRC 168 and TRC 121.</p> <p><b>Note:</b> Fields 24 and 49 – 54 always represent the beneficiary’s LIS and LEP values for the current CPM. If this change is retroactive, these values may not reflect the values of the period being changed. Refer to the LISHIST report to determine the correct values for retroactive changes. <b>TRC167 will continue to be generated for internal purposes and will not be sent to the plans.</b></p> <p><b>Plan Action:</b> Adjust the beneficiary’s Part D LIS amount and/or percentage as of the effective date in field 18. Take the appropriate actions as per CMS enrollment guidance. If the change is retroactive, refer to the LISHIST report to verify the correct amount for the affected period.</p> |

| 194  | M    | Deemed Correction                                | DEEMD<br>CORR    | <p>This TRC is returned on a reply with Transaction Type 01. It is not a reply to a submitted transaction but is intended to supply the Plan with additional information about the beneficiary. CMS has manually added or updated a co-pay period for this beneficiary. This added or updated co-pay period occurs within a period during which the beneficiary is DEEMED by CMS. This is a correction.</p> <p>Each TRC 194 returns start and end dates, premium subsidy percentage, and copayment category for one low income subsidy period affecting a beneficiary's PBP enrollment. There may be more than one TRC 194 returned. The effective date for the added or updated deemed low-income subsidy period is shown in the DTRR Low-Income Period Effective Date field (field 51). The new co-pay level is reported in the Low-Income Co-Pay Category field (field 50). The Effective Date field (field 18) contains the PBP enrollment period start date.</p> <p>Low income scenarios TRC 121 and/or TRC 223 may accompany TRC 194. These three TRCs convey the beneficiary's low income subsidy profile at the time of report generation. They provide a full replacement set of low income subsidy data affecting the identified PBP enrollment period.</p> <p>This code is considered obsolete as of 1/1/2010.</p> <p>Plan Action: Update the Plan's records to reflect the given data for the beneficiary's LIS period. Take the appropriate actions as per CMS enrollment guidance.</p> |
| 199  | R    | Rejected, Return to Plan for Additional Research | OBSOLETE         | <p>A submitted transaction (Transaction Types 51, 61, 72, 73, 74, 75, 01, 85) was rejected. This transaction was placed into a pending status due to multiple transactions that were concurrently processed for the same beneficiary.</p> <p>Subsequent transactions may have been processed while this transaction was pending. As a result, this transaction may no longer be valid.</p> <p><b>Plan Action:</b> Research the beneficiary's current status and resubmit any appropriate transactions.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |

## I.5 Payment Reply Codes (PRCs)

### PRC Types:

- A - Accepted - A transaction is accepted and the requested action is applied (Example: enrollment or disenrollment)
- R - Rejected - A transaction is rejected due to an error or other condition. The requested action is not applied to the CMS System. The TRC indicates the reason for the transaction rejection. *The Plan should analyze the rejection to validate the submitted transaction and to determine whether to resubmit the transaction with corrections.*
- I - Informational - These replies accompany Accepted TRC replies and provide additional information about the transaction or Beneficiary. For example: If an enrollment transaction for a Beneficiary who is “out of area” is accepted, the Plan receives an accepted TRC (TRC 011) and an additional reply is included in the TRR that gives the Plan the additional information that the Beneficiary is “Out of Area” (TRC 016).
- M - Maintenance - These replies provide information to Plans about their Beneficiaries enrolled in their Plan. They are sent in response to information received by CMS. For example: If CMS is informed of a change in a Beneficiary’s claim number, a reply is included in the Plan’s TRR with TRC 086, giving the Plan the new claim number.
- F - Failed - A transaction failed due to an error or other condition and the requested action did not occur. The TRC indicates the reason for the transaction’s failure. *The Plan should analyze the failed transaction and determine whether to resubmit with corrections.*

**Table I-4: Payment Reply Codes**

| Code/Type* | Title                                   | Short Definition | Definition                                                                                                                      |
|------------|-----------------------------------------|------------------|---------------------------------------------------------------------------------------------------------------------------------|
| 264<br>I   | Payment Not Yet Completed               | NO PAYMENT       | A transaction was accepted requiring a payment calculation. The calculation has not been completed.<br><b>Plan Action:</b> None |
| 299<br>I   | Correction to Previously Failed Payment | RESTORED PYMT    | A previously incomplete payment calculation is now completed.<br><b>Plan Action:</b> None required.                             |

## 1.6 MMR Adjustment Reason Codes

**Table I-5** lists the adjustment reasons and their associated codes.

**Table I-5: Adjustment Reason Codes**

| Code | Description                                                    |
|------|----------------------------------------------------------------|
| 01   | Notification of Death of Beneficiary                           |
| 02   | Retroactive Enrollment                                         |
| 03   | Retroactive Disenrollment                                      |
| 04   | Correction to Enrollment Date                                  |
| 05   | Correction to Disenrollment Date                               |
| 06   | Correction to Part A Entitlement                               |
| 07   | Retroactive Hospice Status                                     |
| 08   | Retroactive ESRD Status                                        |
| 09   | Retroactive Institutional Status                               |
| 10   | Retroactive Medicaid Status                                    |
| 11   | Retroactive Change to State County Code                        |
| 12   | Date of Death Correction                                       |
| 13   | Date of Birth Correction                                       |
| 14   | Correction to Sex Code                                         |
| 15   | Obsolete                                                       |
| 16   | Obsolete                                                       |
| 17   | For APPS use only                                              |
| 18   | Part C Rate Change                                             |
| 19   | Correction to Part B Entitlement                               |
| 20   | Retroactive Working Aged Status                                |
| 21   | Retroactive NHC Status                                         |
| 22   | Disenrolled Due to Prior ESRD                                  |
| 23   | Demo Factor Adjustment                                         |
| 24   | Retroactive Change to Bonus Payment                            |

| 34   | Retroactive Change Basic Part C Premium                        |

| <b>Code</b> | <b>Description</b>                                                             |
|-------------|--------------------------------------------------------------------------------|
| 35          | Retroactive Change to Rebate Amount                                            |
| 36          | Part D Rate Change                                                             |
| 37          | Part D Risk Adjustment Factor Change                                           |
| 38          | Part C Segment ID Change                                                       |
| 41          | Part D Risk Adjustment Factor Change (ongoing)                                 |
| 42          | Retroactive MSP Status                                                         |
| 43          | Retroactive Plan Premium Waiver Update                                         |
| 44          | Retroactive correction of previously failed Payment (affects Part C and D)     |
| 45          | Disenroll for Failure to Pay Part D IRMAA Premium – Reported for Pt C and Pt D |
| 46          | Correction of Part D Eligibility – Reported for Pt D                           |
| 50          | Payment adjustment due to Beneficiary Merge                                    |
| 90          | System of Record History Alignment                                             |
| 94          | Special Payment Adjustment Due to Clean-Up                                     |

## 1.7 State Codes

**Table I-6** lists the numeric and character code for all states.

**Table I-6: State Code Table**

| State / Territory                    | Numeric Code | Character Code |
|--------------------------------------|--------------|----------------|
| Alabama                              | 01           | AL             |
| Alaska                               | 02           | AK             |
| Arizona                              | 03           | AZ             |
| Arkansas                             | 04           | AR             |
| California                           | 05           | CA             |
| Colorado                             | 06           | CO             |
| Connecticut                          | 07           | CT             |
| Delaware                             | 08           | DE             |
| District of Columbia (Washington DC) | 09           | DC             |
| Florida                              | 10           | FL             |
| Georgia                              | 11           | GA             |
| Hawaii                               | 12           | HI             |
| Idaho                                | 13           | ID             |
| Illinois                             | 14           | IL             |
| Indiana                              | 15           | IN             |
| Iowa                                 | 16           | IA             |
| Kansas                               | 17           | KS             |
| Kentucky                             | 18           | KY             |
| Louisiana                            | 19           | LA             |
| Maine                                | 20           | ME             |
| Maryland                             | 21           | MD             |
| Massachusetts                        | 22           | MA             |
| Michigan                             | 23           | MI             |

| South America                                | 62           |                |
| U.S. Possessions                             | 63           |                |
| American Samoa                               | 64           |                |
| Gogue (Guam)                                 | 65           |                |
| Dirksz (Aruba)                               | 78           |                |
| Lynch (APO NE)                               | 94           |                |
| Correa (APO)                                 | 95           |                |
| St. Peter (Plaisted)                         | 99           |                |

## 1.8 Entitlement Status and Enrollment Reason Codes

The tables below list the codes for Part A and Part B Enrollment, Entitlement and Non-Entitlement

### 1.8.1 Entitlement Status Code Tables

#### Part A – Entitlement Status Codes

The following codes occur when the Part A Entitlement Date is present and the Part A Termination Date is blank:

| Code | Definition                             |
|------|----------------------------------------|
| E    | Free Part A Entitlement                |
| G    | Entitled due to good cause             |
| Y    | Currently entitled, premium is payable |

The following codes occur when the Part A Entitlement Date is present and the Part A Termination Date is also present:

| Code | Definition                                             |
|------|--------------------------------------------------------|
| C    | No longer entitled due to disability cessation         |
| S    | Terminated, no longer entitled under ESRD provision    |
| T    | Terminated for non-payment of premiums                 |
| W    | Voluntary withdrawal from premium Part A coverage      |
| X    | Free Part A terminated because of Title II termination |

#### Part A – Non Entitlement Status Codes

The following codes occur when there is no Part A Entitlement Date and no Part A Termination Date:

| Code | Definition                                                                               |
|------|------------------------------------------------------------------------------------------|
| D    | Coverage denied                                                                          |
| F    | Terminated due to invalid enrollment or enrollment voided                                |
| H    | Ineligible for free Part A, or did not enroll for premium Part A                         |
| N    | Not valid SSA HIC, used by CMS 3 <sup>rd</sup> party sys for potential PTA entitled date |
| R    | Refused benefits                                                                         |

## **Part A - Enrollment Reason Codes**

| <b>Code</b> | <b>Definition</b>                                                                         |
|-------------|-------------------------------------------------------------------------------------------|
| A           | Attainment of age 65                                                                      |
| B           | Equitable relief                                                                          |
| D           | Disability – Under age 65 entitlement                                                     |
| G           | General Enrollment Period                                                                 |
| I           | Initial Enrollment Period                                                                 |
| J           | MQGE entitlement                                                                          |
| K           | Renal disease not reason for entitled prior to 65 or 25 <sup>th</sup> month of disability |
| L           | Late filing                                                                               |
| M           | Termination based on renal entitlement but disability based on entitlement continues      |
| N           | Age 65 and uninsured                                                                      |
| P           | Potentially insured beneficiary is enrolled for Medicare coverage only                    |
| Q           | Quarters of coverage requirements are involved                                            |
| R           | Residency requirements are involved                                                       |
| T           | Disabled working individual                                                               |
| U           | Unknown blank = not applicable; e.g. Part A data is generated at age 64 years, 8 months   |

## **Part B - Entitlement Status Codes**

The following codes occur when the Part B Entitlement Date is **present** and the Part B Termination Date is **blank**:

| <b>Code</b> | <b>Definition</b>                      |
|-------------|----------------------------------------|
| G           | Entitled due to good cause             |
| Y           | Currently entitled, premium is payable |

The following codes occur when the Part B Entitlement Date is **present** and the Part B Termination Date is also **present**:

| <b>Code</b> | <b>Definition</b>                                         |
|-------------|-----------------------------------------------------------|
| C           | No longer entitled due to cessation of disability         |
| F           | Terminated due to invalid enrollment or enrollment voided |
| S           | Terminated, no longer entitled under ESRD provision       |
| T           | Terminated for non-payment of premiums                    |
| W           | Voluntary withdrawal from coverage                        |

### **Part B – Non Entitlement Reason Codes**

The following codes occur when there is **no** Part B Entitlement Date and **no** Part B Termination Date:

| Code | Definition                                                                                                                    |
|------|-------------------------------------------------------------------------------------------------------------------------------|
| D    | Coverage denied                                                                                                               |
| N    | No Foreign/Puerto Rican Beneficiary is not entitled to SMI or dually/Technically entitled Beneficiary ID not entitled to SMI. |
| R    | Refused benefits                                                                                                              |

### **Part B - Enrollment Reason Codes**

| Code | Definition                                                                                                      |
|------|-----------------------------------------------------------------------------------------------------------------|
| B    | Equitable Relief                                                                                                |
| C    | Good Cause                                                                                                      |
| D    | Deemed date of birth                                                                                            |
| F    | Working aged                                                                                                    |
| G    | General enrollment period                                                                                       |
| I    | Initial enrollment period                                                                                       |
| K    | Renal disease was a reason for entitlement prior to age 65 or prior to the 25 <sup>th</sup> month of disability |
| M    | Renal entitlement terminated, but disability based entitlement continues                                        |
| R    | Residency requirements are involved                                                                             |
| S    | State buy-in                                                                                                    |
| T    | Disabled working Individual *<br>* = future – current CMS program edits do not create this code                 |
| U    | Unknown                                                                                                         |

## I.9 Disenrollment Reason Codes

Table I-7 lists the reason codes for Disenrollment.

**Table I-7: Disenrollment Reason Code Table**

| Disenrollment Reason Number | Disenrollment Reason Description                            | MARx UI | AUTO-DIS | PLAN SUB'D |
|-----------------------------|-------------------------------------------------------------|---------|----------|------------|
| 1                           | FAILURE TO PAY PREMIUMS                                     | N/A     | N/A      | N/A        |
| 2                           | RELOCATION OUT OF PLAN SERVICE AREA (NO SPECIAL PROVISIONS) | N/A     | N/A      | N/A        |
| 3                           | FAILURE TO CONVERT TO RISK PROVISIONS                       | N/A     | N/A      | N/A        |
| 4                           | FRAUD                                                       | N/A     | N/A      | N/A        |
| 5                           | LOSS OF PART B ENTITLEMENT                                  | N/A     | Y        | N/A        |
| 6                           | LOSS OF PART A ENTITLEMENT (PLAN-SPECIFIC)                  | N/A     | Y        | N/A        |
| 7                           | FOR CAUSE                                                   | Y       | N/A      | N/A        |
| 8                           | REPORT OF DEATH                                             | N/A     | Y        | N/A        |
| 9                           | TERMINATION OF CONTRACT (CMS-INITIATED)                     | N/A     | Y        | N/A        |
| 10                          | TERMINATION OF CONTRACT/PBP/SEGMENT (PLAN WITHDRAWAL)       | N/A     | Y        | N/A        |
| 11                          | VOLUNTARY DISENROLLMENT THROUGH PLAN                        | Y       | N/A      | Y          |
| 12                          | VOLUNTARY DISENROLLMENT THROUGH DISTRICT OFFICE             | N/A     | N/A      | N/A        |
| 13                          | DISENROLLMENT BECAUSE OF ENROLLMENT IN ANOTHER PLAN         | N/A     | Y        | N/A        |
| 14                          | RETROACTIVE                                                 | N/A     | N/A      | N/A        |
| 15                          | TERMINATED IN ERROR BY CMS SYSTEM                           | N/A     | N/A      | N/A        |
| 16                          | END OF SCC CONDITIONAL ENROLLMENT PERIOD                    | N/A     | N/A      | N/A        |
| 17                          | BENE DOES NOT MEET AGE CRITERION (PLAN-SPECIFIC)            | N/A     | N/A      | N/A        |
| 18                          | ROLLOVER                                                    | N/A     | Y        | N/A        |
| 19                          | TERMINATED BY SSA DISTRICT OFFICE                           | N/A     | N/A      | N/A        |
| 20                          | INVALID ENROLLMENT WITH ESRD                                | N/A     | Y        | N/A        |
| 21                          | CANNOT TRAVEL/POOR HEALTH/TO HMO/PLAN DOCTORS               | N/A     | N/A      | N/A        |
| 22                          | SPOUSE IS NO LONGER MEMBER OF HMO/PLAN                      | N/A     | N/A      | N/A        |
| 23                          | COULDN'T USE MEDICARE CARD TO SEE OTHER PLAN                | N/A     | N/A      | N/A        |

| <b>Disenrollment Reason Number</b> | <b>Disenrollment Reason Description</b>                      | <b>MARx UI</b> | <b>AUTO-DIS</b> | <b>PLAN SUB'D</b> |
|------------------------------------|--------------------------------------------------------------|----------------|-----------------|-------------------|

## ***I.10 BEQ Response File Error Condition Table***

### ***I.10.1 Request File Error Conditions***

The following table contains File Level Error information. File Level Errors represent conditions in which a BEQ Request File is rejected and not processed.

***Table I-8: File Level Error information***

| Source Of Error | Error Message                  | Error Condition                                                                                                                                                                                                                                                                                                                                                                        |

| Trailer Record  | The Trailer Record is invalid. | <ul style="list-style-type: none"> <li>• The Trailer Record is incorrectly formatted.</li> <li>• The Trailer Record contains invalid values.</li> <li>• The Trailer Record contains Critical Fields that are not populated.</li> <li>• The Record Count in the Trailer Record is more than 2 different from the actual number of Detail Records (Transactions) in the file.</li> </ul> |
| File Content    | The File has no Transactions.  | <ul style="list-style-type: none"> <li>• There are no Transactions (Detail Records) found in the file.</li> </ul>                                                                                                                                                                                                                                                                      |

### **I.10.2 Request Transaction Detail Record Error Conditions**

The following Flag fields are provided in the Response File Detail Record. Flag fields represent the successful or unsuccessful result of processing data within a Transaction Detail Record of the input file.

**Table I-9: Error Conditions**

| <b>Flag</b>            | <b>Flag Code</b> | <b>Flag Code Result</b>                                                    | <b>Flag Result Condition</b>                                                                                                      |
|------------------------|------------------|----------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------|
| Processed Flag         | Y                | The Transaction is accepted for processing.                                | All critical fields on the Transaction are populated with valid values.                                                           |
| Processed Flag         | N                | The Transaction is not accepted for processing.                            | At least one critical field on the Transaction is populated with a value other than the prescribed valid values.                  |
| Beneficiary Match Flag | Y                | The beneficiary on the Transaction is successfully located in the MBD.     | The beneficiary is successfully located by the combination of the HICN or RRB, SSN; date of birth, and gender.                    |
| Beneficiary Match Flag | N                | The beneficiary on the Transaction is not successfully located in the MBD. | The beneficiary is not successfully located by the combination of the HICN or RRB, SSN; date of birth, and gender.                |
| Beneficiary Match Flag | SPACE            | No attempt made to locate the beneficiary on the MBD.                      | An invalid condition exists in the Transaction Detail Record such as an unexpected, absent, or invalid value in a Critical Field. |

## J: Report Files

This appendix provides a description and sample snapshot of each report file. **Table J-1** lists the names of all the accessible reports to Plans and on which page of this appendix J they are located. Note that the examples provided for the reports do not identify any person living or dead; all Beneficiary, contract, and user information is fictional. Appendix J identifies the naming conventions for all reports sent to Plans. The user needs dataset names to request a report through the mainframe.

**Table J-1: Reports Lookup Table**

## J.6 Monthly Membership Summary Report (MMSR)

### Description

This report summarizes payments to an MCO for the month, in several categories, and adjustments, by all adjustment categories. When the report automatically generates as part of month-end processing, it covers one contract in one payment month. When the report generates on user request, it is based on the transactions received to-date for the current payment month and may generate for one contract or for all contracts in a region.

## J.11 Plan Payment Report (APPS Payment Letter)

### Description

Also known as the APPS Payment Letter, this report itemizes the final monthly payment to the MCO. This report is produced by APPS when final payments are calculated. CMS makes this report available to MCOs as part of month-end processing.

### Plan Payment Report (PPR) - Final

The PPR includes Part D payments and adjustments, the National Medicare Education Campaign (NMEC) and COB User Fees and premium settlement information. There is one version of the PPR applicable to all Plans and it is provided monthly.

*Following is an updated example of a PPR or APPS Payment Letter:*

## ***J.12 Interim Plan Payment Report (IPPR)***

### ***Description***

Also known as the Interim Payment Letter, this report itemizes interim payments to the MCO. It is produced by APPS when interim payments are calculated. CMS computes interim payments on an as-needed basis. When this occurs, the interim payment letter is pushed to the involved Plan(s).

### **IPPR**

The APPS IPPR is provided when a Plan is approved for an interim payment outside of the normal monthly process. The report contains the amount and reason for the interim payment to the Plan.

Plans may request the IPPR via the MARx User Interface under the weekly reports section of the menu.

12 Plan Payment Report

**Note:** For a sample of this report, refer to J.11 for the file format.

### J.13 No Premium Due Report Format

No Premium Due Reports are no longer generated. Only a data file is produced. The report is here for reference

## **M: Valid Election Types for Plan-Submitted Transactions**

**Table M-1** shows the valid election types for Plan-submitted enrollment and disenrollment transactions. Plans must ensure the requirements in the CMS Enrollment and Disenrollment guidance applicable to the Plan type are followed to properly determine and report the election type.

**Table M-1: Valid Election Types for Plans**

| Election Types      |                                                                                                                                                                           |                                                                |              |           |                                                                |          |

| Election Types |         |          |              |           |      |          |
|----------------|---------|----------|--------------|-----------|------|----------|
| PLANS          | AEP (A) | OEPI (T) | SEP (Note 2) | IEP (E/F) | MADP | ICEP (I) |
| MSA            | Y       | N        | Y            | N         | N    | Y        |
| MSA Demo       | Y       |          | Y            |           | N    | Y        |

**Note 1:** For code usage, refer to the previously released MMA Guidance and PDP Guidance.

**Note 2:** For election type SEP, use the following values under these specific circumstances:

- U - for Duals and Individuals with LIS
- W - for EGHP
- V - for permanent moves
- Y - CMS Casework use only (not submitted by Plans)
- S - Any other SEP as provided in guidance that is not one of the above values.

**Note 3:** In addition to these election period identifiers, CMS provides a valid value of ‘X’ for use in the election period identifier field. This value is an Administrative Action and Plans may use when a submitted transaction is not reflective of an actual Beneficiary election, as follows:

- Plan submitted “rollover” - Year-end processing occasionally requires that Plans submit transactions to accomplish the Plan crosswalk from one contract year to another. When required, as defined in the CMS Call Letter instructions, Plans should use the ‘X’ value in the election period field of the enrollment transaction submitted for this purpose.
- Involuntary Disenrollment - In limited circumstances, Plans may involuntarily disenroll individuals for specific reasons and when meeting all of the conditions provided in CMS enrollment guidance. Since these actions are not “elections,” Plans should use the value of ‘X’ in the election period field of the disenrollment transaction submitted for this purpose.
- Premium Option Change - Plans may submit changes to an individual’s premium withholding status via a 72 transaction. When doing so, Plans should use the ‘X’ value in the election period field of the 72 transaction submitted for this purpose.
- Plan-submitted “canceling” Transaction - Since beneficiaries may choose to cancel an enrollment or disenrollment request prior to the effective date of the request, occasionally Plans submit “canceling” transactions to CMS to cancel an already submitted action. Plans should use the value TC 80 to cancel an enrollment or TC 81 to cancel a disenrollment transaction.
